On March 19, 1960, during the early morning, [redacted] was in [redacted] contact with Mrs. [redacted] of Dayton, Ohio, the Ohio State Secretary of the NSRP. Mrs. [redacted] was perturbed because the Dayton Police Chief, Mr. PRICE, had called her in order to determine the location of the NSRP National Convention to be held in Dayton on March 19, 1960. Mrs. [redacted] related that she could not divulge the convention site to anyone. She mentioned that one benefactor called her and offered her \$500.00 to reveal the location of the convention site. She advised that she was expecting some information from Little Rock, Arkansas. She stated that she had several phone calls from people who were evidently Negroes by their voices. She stated that if anyone wants to go to the convention, they will have to go to the corner of East Fifth and La Belle Street, Dayton, prior to 1:00 P.M. on March 19, 1960, and display their NSRP membership cards to a man named [redacted] who would be waiting there and who would furnish the secret directions to the convention site upon identification of a member.

b6

b7D

Shortly thereafter, Rev. [redacted] Ohio State Chairman of the NSRP, telephonically contacted [redacted] and advised that [redacted] was to contact a man named [redacted] in front of the I.O.O.F. Lodge on La Belle Street around noon time, March 19, 1960, and assist [redacted] in routing the incoming members to the new convention site. A last minute change, a few days before the NSRP Convention, was made in the convention site due to the fact that the Trustees of the I.O.O.F. Lodge at Dayton canceled the NSRP reservation at the lodge on La Belle Street, Dayton. Apparently the Trustees were afraid that the adverse publicity in the newspapers and the fact that the NAACP was going to picket the convention might bring about considerable embarrassment. A new convention site was located the day before the convention; however, the location of the site was kept secret as it was felt that more publicity would cause another cancellation.

CI 105-1139

Shortly after noon on March 19, 1960, [] arrived at the corner of East Fifth and La Belle Street, where several men were congregated in front of the I.O.O.F. Lodge. [] asked one of the men to direct him to [] and was immediately referred to J. B. STONER, the legal counsel for the NSRP who was also standing in front of the lodge. After [] was welcomed by STONER, an individual named [] came up to [] and asked him to take a walk around the block with him. When they turned the corner of East Fifth and La Belle, [] to produce his identification, at which time [] displayed his NSRP membership card. [] was impressed by the fact that []'s membership card was signed by NED DUPES, the National Secretary of the NSRP rather than by some local state officer.

[] He wore eye glasses with clear eye pieces and metal ear pieces. He wore a soft felt hat and a car coat. He has a []

[] appears to be a "nut" who revels in "cloak and dagger" actions.

[] was first detailed to stay at the I.O.O.F. Lodge and help route members to the convention site; however, [] mentioned that he hoped he did not have to miss the convention and that he was very interested in hearing the speeches. [] was given a mimeographed copy of the direction to the convention site, which is as follows:

b6
b7C
b7D

La Belle Street to Rt. 25 (Patterson Blvd.) -- South Rt. 25 to 3 miles south of Miamisburg, Ohio -- turn off Rt. 25 on to Chataqua Rd. Turn off Chataqua Rd. on to Farmington Rd. -- then on Farmington Rd. & up big hill to Mid Way Lodge, where the convention was to be held. These directions were furnished only to NSRP members upon furnishing their membership cards.

Shortly after receiving the directions, a man named [] from Toledo came up to La Belle Street and was identified by his membership card. STONER asked him what kind of a car

license he had and if it was an Ohio License. It was desired that as many of the members as possible be driven to the convention in cars with license plates from Ohio, Kentucky, and Tennessee as it was thought that cars with these licenses would be those most usually seen in Dayton, Ohio. Out of state cars were to be parked on side streets or downtown parking lots so as to prevent any public following from the I.O.O.F. to the Midway Lodge. [] was instructed to go with HAYDEN and guide him to the hall. HAYDEN mentioned that in Toledo he was known as a "Red" because of his views. He pronounced the word "Communist" as "Co-mune-est" with the accent on the "mune". He stated that he advocated "kill" the Jews and abolish the interest on loaned money. He said that he had attended a great many NSRP gatherings and knew a lot of the members. He said that he is a retired contractor and that his address is 2406 Van Ess Drive, Toledo 7, Ohio. HAYDEN is a white male, approximately 70 years of age, short, 140-150 lbs., stooped shoulders, very wrinkled face, who appears to be a "hayseed", faithful to the NSRP, however, merely tolerated by those present.

b6
b7C
b7D

Upon arrival at Midway Lodge in the vicinity of Miamisburg, Ohio, HAYDEN was welcomed by those present. [] and HAYDEN were not requested to identify themselves; however, the later arrivals were.

The National Convention of the NSRP was called to order at the Midway Lodge by Rev. [] Ohio State Chairman. The Convention was late in starting. Mr. XAVIER, a baker from Dayton, Ohio, lead the membership in the salute to the flag. After giving the prayer, Chairman JOHNSON followed with an address in which many of the cliches of the political conventions are sprinkled. His most forceful point was reading from "Marbury vs Madison," in which he stressed States Rights over the Federal Government. Apparently he expressed the dissenting opinion in the "Marbury vs Madison" case. In reference to the late FRANKLIN DELANO ROOSEVELT, [] related that he [] is a Minister of the Gospel and that ministerial license did not include his use of language to

b6
b7C
b7D

properly express his opinion of ROOSEVELT. The great part of [redacted] speech was "over the heads" of the majority of the membership present. [redacted] seemed to be playing a lone hand at the convention, and, with some exception, he seemed to be critical of some of the opinions that were expressed. He has related in the past that he thinks critically of the NSRP. He gives the impression that he is not really and totally in sympathy with the NSRP; however, he is valuable to the NSRP because of his accomplishments as a speaker and because of his personality.

b6
b7C
b7D

Upon completion of his talk, [redacted] introduced Dr. FIELDS, the permanent Chairman of the Convention. FIELDS expressed the usual greetings and felicitations to the membership, after which he proceeded to belabor the Negroes, Jews, and Communists. FIELDS allegedly was formerly connected with the Constitution Party of the State of Kansas. Upon completion of his speech, he introduced a man named ARTHUR COLE.

COLE spoke haltingly and appeared to have a pronounced alcoholic breath. He read from a prepared speech. Most of his speech was devoted to his side of a running feud with DREW PEARSON. He associated PEARSON with Jewish interests and appears to be extremely anti-Jewish and anti-Negro.

COLE was followed by Mr. NED DUPES, who is apparently the NSRP's "humorist" and "satirist". His speech was sprinkled with references to EISENHOWER, KEFAUVER, and J. EDGAR HOOVER. Under this verbal caricature by DUPES, EISENHOWER became "President Littlepower," KEFAUVER became "Senator Cowpasture," and J. EDGAR HOOVER became "JAY EFFIE HOOVER". TRUMAN was pictured as carrying the "little black bag" for TOM PENDERGAST while he (TRUMAN) was collecting from the "madams" of Missouri's "red light" district. DUPES supported increased membership, States Rights, and Segregation.

At the close of DUPES' address, FIELDS read two communications. One was "From Behind Prison Bars" from JOHN CASPER. There was much hand clapping when FIELDS announced that CASPER's imprisonment at Nashville gave him leisure to

CI 105-1139

plan for future Party endeavors and that CASPER was feeling well, and, best of all, that some of the guards at Nashville State Prison were now card carrying members of the NSRP.

The other communication was from ADMIRAL CROMMELIN accepting the Party's nomination for Vice President of the United States.

After these communications were read, a Mrs. [redacted] from Little Rock, Arkansas, was called up front and gave the personal felicitations of Governor FAUBUS to the Convention. Mrs. [redacted] mentioned later that she [redacted]

[redacted] She said that she had been one of the [redacted] and had been of service in combatting the efforts of Little Rock Police Chief SMITH. [redacted]

[redacted] apparently active in urban activities in Little Rock.

After the reading by Mrs. [redacted] Dr. FIELDS placed FAUBUS's name in nomination for President and CROMMELIN's for Vice President. The nominations were seconded, with no contrary votes. Voting was by acclamation (holding up of hands). There was no polling by states. However, during the voting Mr. DUPES passed around a sheet of paper, and all in the hall signed it. The most western state represented was Arizona. Several were from Massachusetts, Michigan, Missouri, and Kansas.

After the paper was signed, FIELDS announced intermission, and luncheon was served at the lodge. Luncheon was self-service type at \$1.75 per plate.

Upon reconvening for the afternoon and evening session of the Convention, FIELDS announced that there were some nationally known speakers to be heard, and among them was the name of FNU [redacted] who is supposed to be on the Executive Board of the National Law Enforcement League. [redacted] was introduced but did not get to speak as just at that time J. B. STONER, who stayed at the I.O.O.F. to route members to the convention,

CI 105-1139

came in and [] deferred to STONER. []

[] from the Washington, D. C., area.

b6
b7C
b7D

STONER dramatically took the platform and announced the death by suicide of Police Chief SMITH and his wife at Little Rock. SMITH was pictured as a Judas Iscariot or traitor. STONER proceeded to attack J. EDGAR HOOVER and cited that both he (STONER) and HOOVER were members of the legal profession. STONER pictured himself as upholding the canons of lawyers, while HOOVER was degrading them. STONER wanted all the State Chairmen to contact him for guidance in getting the party on the state tickets. He did not anticipate having any difficulties in getting on states' tickets where parties were certified by Secretaries of States. Only in Florida was trouble expected, and the Governor of Florida is considered a turncoat. STONER is to personally assist in Florida and Missouri. After expressing his anti-Jewish and anti-Negro feelings, STONER was followed by EMERY BURKE from Atlanta.

BURKE was introduced as the "great patriot of the South." BURKE spoke with much fanatical fervor and roused the convention to its greatest pitch of enthusiasm. He pictured the South as being pushed too far; that the States Rights philosophy was the supreme salvation of the white race in the South. The Jews, by their exclusiveness in marriage while encouraging mongrelization of the pure Anglo-Saxon race, was encouraging the spread of Communism in the United States. He predicted that immediately after 1961 (post election), the South would be forced to resort to "open rebellion" against the white enslaving dictums of the Supreme Court.

Mr. [] of Dayton, Ohio, made a side remark during BURKE's speech that BURKE was in the heart of the Atlanta incident and that BURKE knew more about the incident than anyone there. BURKE was pictured by [] as being persecuted like FIELDS.

b6
b7C
b7D

A man named FNU [redacted] was introduced as a speaker. [redacted] is supposed to be a member of the [redacted] of the City of Chicago assigned to the "south side of Chicago". [redacted] began a harangue against Chicago's mayor but was cut short by FIELDS, who whispered to him excitedly and made him sit down. It was apparent that [redacted] was about to say something that FIELDS did not want released. [redacted]

b6
b7C
b7D

Before the closing of the Convention, a man named MANN or MANLY from Chicago, who was head of the "Christian Patriots League," spoke on the spreading of information concerning the NSRP. MANN or MANLY is an avowed white supremacist and apparently responsible for the dissemination of information concerning white supremacy. He also put forth the resolution that the NSRP's faith in the Holy Trinity be inserted into the NSRP Platform. This suggestion was adopted, and the NSRP's platform of States Rights and White Supremacy was ratified. MANN or MANLY is a white male, 30 years of age, 5'11", 169-170 lbs., dark hair.

Dr. FIELDS then adjourned the Convention. He said that the notice of a two day Convention was purposely given so that they could steal away if any difficulty or trouble arose. Some hilarity throughout the members arose at the thought that the "niggers" could picket an empty hall now that the NSRP convention was over.

Approximately 67 people attended the Convention, among whom the following were observed in attendance:

Mr. and Mrs. [redacted] Dayton, Ohio

[redacted] Dayton, Ohio

[redacted] Dayton, Ohio

Three [redacted] Brothers, Dayton, Ohio (Fourth brother stayed at home)

Mr. FNU [redacted] an employee of NCR at Dayton

[redacted]

A man who identified himself as the President of the only
railroad in which ELEANOR ROOSEVELT and her "niggers"
have not ridden in. This man gave [redacted] a card which

has the name, [redacted]
Plymouth, Michigan. This card has the name [redacted]

After the Convention, [redacted] was approached by a
[redacted] and asked to support the Michigan State Work. She
was carrying literature concerning the American (Northern)
Baptist Convention. She asked [redacted] if he knew of anyone
who would like to share a motel room with her. to which he
replied no. [redacted]
[redacted]

Shortly thereafter a man carrying a large briefcase
came in. Mr. [redacted] mentioned that his name is [redacted].
[redacted] is supposed to be a great orator for the cause. He was
arguing with DUPES and FIELDS. He said "you ought to be shot
for the way you handled this." [redacted] said that [redacted] came
up from Missouri and that they were arguing because the name of
[redacted] from Missouri had not been entered into nomination by
the Missouri delegates. [redacted]

[redacted] He was
with a white male, approximately 60 years of age, 6', over
200 lbs., heavy glasses, who apparently is a salesman and who
was a delegate from Missouri.

b6
b7C
b7D

It appears that the National Convention of the NSRP
was a failure at Dayton, Ohio, as little material support was
obtained. Five hundred were expected to attend; however, only
a portion showed.

As a side note, the Midway Lodge was rented for
\$30.00. I.O.O.F. apparently has not refunded the NSRP money
even after cancellation of the I.O.O.F. reservation.

CI 105-1139

During the Convention the NSRP recorded everything on a tape recorder. The recording machine was kept behind a curtain in the kitchen of the lodge. [] has a tape recorder and has mentioned before that whenever he makes a speech, he always makes a tape recording of it. The public address system had a great deal of noise or, rather, feed back, possibly due to the fact that the NSRP was attempting to get a tape recording of the Convention and may have had the recorder improperly connected.

A man named [] from Louisville was apparently the official photographer of the "Thunderbolt". He took pictures throughout the Convention. FIELDS became impatient with all of the picture taking and proceeded to the back of the hall after snatching the camera from him. []

[] apparently a communications man employed by the [] was with the International Communications Workers-CIO. He said that some girls working in the Dayton Switchboard Office are NSRP members.

Literature entitled, "Beware of the Jews" and "Save the White Race" were given to the members, 33 copies each, to distribute.

CI-389-C (RAC)* was in attendance at this convention. Information from this source should be carefully paraphrased if utilized in the future in order to protect the identity of source. Information was received from source on 3/19/60.

The convention, itself, was lacking in organization, and often several persons were talking at the same time, making it difficult for source to hear and report all comments made. Speakers were in some instances introduced from the floor rather than from the speaker's platform, and source was unable to obtain names of all speakers.

Enclosed herewith is a summary and running account of the convention as reported by CI-389-C (RAC)*. The account is not verbatim, except for the remarks made by J. B. STONER which were complimentary to the FBI and Director J. EDGAR HOOVER.

The original report of information furnished by this source is located in Cincinnati File [redacted] This informant source will not be available for testimony in the future.

NATIONAL STATES RIGHTS PARTY CONVENTION
MARCH 19, 1960
MIDWAY LODGE, MIAMISBURG, OHIO

As the convention convened, several persons, both men and women, appeared to be talking at the same time. One unidentified male was overheard to make a remark regarding the newspaper reporters, and another male voice was overheard from this hubbub of conversation to make a comment regarding the changing of the meeting place for the convention. Neither of these comments were clearly understood.

The convention, itself, was called to order and opened by a prayer led by an unidentified male. The person leading in the opening prayer spoke very quietly, so much so that the wording of his prayer could not be understood.

At the conclusion of the prayer, the entire group recited in unison the Pledge of Allegiance to the American Flag.

Following the Pledge of Allegiance to the American Flag by the group, an unidentified male began to speak. This person spoke in a low, quiet voice and sounded to be the voice of the same man who had opened the convention with the prayer. It was difficult to understand his remarks. He was overheard to welcome the group to Dayton, Ohio, and thereafter made reference to the publicity which the convention had received through the media of the newspaper, radio, and television. He also made reference to the efforts of DUBBS and RISNER to obtain a hall for the convention. He stated that a hall had been obtained, but only yesterday the hall had been cancelled. He attributed the cancellation of the hall to the lies which were published in the newspaper and over the radio regarding the convention.

This speaker also commented that the platform of the National States Rights Party, including the Constitutional rights of the citizens of America, are contrary to the policies and beliefs of those persons presently in power in the United States Government. He said that those in power fear the opposition to their own policies and beliefs. This speaker then continued by saying that he came into this controversy with Communism when he was 22 years of age. He said that he

had been familiar with the Communist intentions since back in the early 1920's. He continued that the other day he ran into a 1931 publication, which set out at that time the views and objectives of the Communist Party. He said that the communists even then intended to undermine our American way of life and interpose their communist form of government on the people of the United States. He said that back in the 1930's very few people believed the communists or believed that what they said could come true in this country. He said, however, that we have realized that this could happen and has happened "right now". He advocated that the greatest offense to communism was state government, according to the Constitution, to prevent communism in our Federal Government. He explained that if we paid more attention to our state government the communists would have to deal with 48 governments rather than to infiltrate only one government. He urged that the people of the United States should pay more attention to their Constitution and abide by their own state government and run their own state business in the manner in which they desired their business to be run. Following this comment, there was a loud applause by those in attendance.

This speaker then made reference to the problems relating to integration, mental health, and all the other social-type legislations which are being forced on the people by the Federal Government. He said that such programs will never become effective and that they will be exposed by what they actually mean themselves. He said that such legislation will never become effective until such time as the state governments recognize the rights of the state's citizens and the Federal Governments recognize the rights of the citizens also. He said that the man and woman of America is a citizen of two governments and the man and woman of America is the master of both of those governments. He said the communists are working feverishly to eliminate the state government due to the interference that it causes. He said that the communists have objection to the city governments; they have objection to the county governments; they have objection to the state governments.

He repeated that mental health, urban renewal, and other things were all a part of a program which opposed state governments.

This speaker then began to criticize news media. He said that regardless of what you tell the press, how clearly you explain it to them, they still twist your words and turn them around until they are eventually reported with the exact opposite meaning of what you have actually said. He stated that their methods have become so bad that today, even in our schools, a school child does not know the difference "between George Washington and Mickey Mouse." He also commented that the school child of today doesn't even know how to spell a four letter word.

He then referred again to communism, stating that one third of the earth's surface and one half of the world's population is communist dominated. He then asked the question why should the United States fall victim to communism. He then said that the Federal Government has departed just as far as they can possibly legally depart from constitutional government before the whole house collapses. He said our government does not have to collapse. He then said that he wanted to bring to the attention of those present three things which have happened during his lifetime which showed that the mercy of God has been shown to the United States of America. He then stated that during his time WOODROW WILSON had been elected President. He described him as an intelligent and brilliant man, a man who had achieved fame in his own right. He said that there came a time that WILSON would not tolerate what was going on in his state department. He said that the communist tried to capitalize on Mr. WILSON's position, when he tried to uphold the Constitution. He said that God intervened and took Mr. WILSON out of this position. He said that at the close of war, Mr. WILSON and Mr. HUGHES proposed a peace and a disarmament for the world. He said that this same Mr. HUGHES, whom he referred to, later became Chief Justice, and he said that Mr. HUGHES said that the Constitution is what the Supreme Court says it is. The speaker then asked those in attendance,

"Where in the Constitution does it give the Supreme Court the right to interpret it?" He said that the Supreme Court has been, for years, handing down decisions, not saying what is right or wrong according to the Law, but merely handing down decisions saying what they think the Constitution means. He said that there is no place in the Constitution which gives the Supreme Court the right to do what they are doing. He then continued that the second intervention by God came in the program of the Reformed (Unintelligible). He said that once again a big conference was called in Washington, and once again Mr. HUGHES laid down his pride for his program. He said, however, once again God stepped in and removed WARREN HARDING. He then mentioned that after this peace conference, there was a stream of Yankees going down south of the Mason-Dixon Line. He said that once again God stepped in to save this country from its own fear and its own stupidity. He continued by saying that since they had failed to accomplish what they had set out to accomplish under the administration of Mr. WILSON, they started again under Mr. ROOSEVELT. He said that those of us who lived through that era know that he was the one that began the preaching of hatred and it was he who started a program of socialistic legislation which is continued from that hour until this. He said that had his program continued our country would have collapsed long before this, but once again God stepped in and took Mr. ROOSEVELT out of the position. He summarized that three times during his lifetime God had intervened and tried to save this country. He said he wondered how many times God would have to save this country before the citizens of this country realize that they were put here to enjoy their freedom, protect their freedom, and protect their states, to enjoy their privileges guaranteed them by the Constitution of the United States. At the conclusion of these remarks, there was a loud applause by those in attendance.

Following the speech of this first speaker, another unidentified male began speaking. He was overheard to make reference to Reverend JOHNSON. He then continued by first stating that he was glad to be in this great state of Ohio.

This second unidentified speaker spoke with a southern accent, mumbled many of his words, and was quite difficult to understand. In his opening comments he made reference to the State of Georgia, he mentioned the name of WILL ROGERS, and made mention of gaining independence. His opening comments were not too coherent, as he stammered and stuttered as he spoke. He said that there is a destruction of the will of the majority being brought about by the high command of the Republican and Democratic Parties. He continued mumbling and stuttering about minority and majority and made mention of the Supreme Court. He mentioned that there was more antagonism today and more _____ (he had several comments to make regarding his pronunciation of the unintelligible word which he apparently was unable to pronounce himself). He said that he hoped that the National States Rights Party will correct the situation. He said the old party will be succeeded by a party that has the interest of the majority at heart. He said that the most damaging thing which has occurred against the states has come from the Supreme Court. He said that the Supreme Court has consistently been an advocate of the majority rather than the minority. He said that the courts have controlled the school boards in every part of the land. He said that in one instance the court had been responsible for the president controlling the school at the point of bayonets. He also mentioned that the courts are "against our party". He said that at the rate we are going he fully believes that in the future books will be published without a thing in them. He mentioned also that the "New York Times" is in favor of forced integration. He said that he was not personally afraid of the press. He also mentioned that today the Southland is a place where both races are afraid. He said it has become a land of dynamited schools and a land where the KKK (unintelligible). He said that we have a government of and for the minority. He also made reference to Little Rock in his closing comments and at the conclusion of his talk he received a loud applause.

Following the comments of the second unidentified speaker, a male voice announced that if Dr. FIELDS would preside over this meeting he would certainly appreciate it.

DR. FIELDS

Dr. FIELDS spoke next, opening his comments by making reference to the heavy snows which had occurred in the South and explaining how bad the snow was in Louisville, Kentucky. He next said that he would like to have a record of all those members in attendance, and said that ARTHUR would pass around and take up the registrations. He then began by stating that it was quite important for the National States Rights Party to get on the ballot. He then mentioned that they had a hall for the convention, and when that hall was canceled they were fortunate enough to obtain this hall. He said that when this meeting is over "we will write our own press release and we will issue it to." He said that we want our press release printed word for word or we don't want it printed at all. He said that the "Journal" said they will run our press release. He said that he had been asked for a picture of "Our Sign" and said they would put it in the paper. He then said that the NAACP had been prepared to picket us at three o'clock this afternoon, but he said that since the hall had been canceled on us, they decided to picket the public library. He said that the NAACP doesn't know why they are picketing, but they are picketing. Some lady inquired from the floor if that was in Dayton, Ohio, and he said yes that was in Dayton, Ohio, where they were picketing. Dr. FIELDS began his comments by stating that he wanted to bring to those in attendance a message from a "real freedom fighter who is behind prison bars, JOHN KASPER". He then began reading the message which started out to all members of the National States Rights Party, greetings. He read KASPER's speech which started off by stating that today was a historic one, a great day, a memorable occasion of a group who had gathered together in an endeavor to dedicate themselves to the restoration of the Constitution and preservation of our laws. He said that knowledge of this convention gives "your true friend, JOHN KASPER", bounteous joy in his heart. He said that

he expected in the future total triumph in American nationalism for rights and preservation of the states and defeat of those who oppose them. His message concluded by saying may God bless and preserve each and everyone of you and was signed JOHN KASPER, Davidson County Workhouse, Nashville, Tennessee.

After the reading of KASPER's message, those in attendance again applauded loudly. Dr. FIELDS then continued by announcing that KASPER was not in a Federal institution and that anyone could write to him by just addressing it to him at the Davidson County Workhouse. He also stated that KASPER was getting along well and that the guards there were very nice to him and he commented they were having another meeting on Labor Day and that JOHN KASPER was expected there for that meeting. He stated that JOHN KASPER would be out sometime in June, and the business meeting would be held on Labor Day. He then stated that he had another message from the Citizens National Law Enforcement Commission, and that this message was provided by Mr. MILLARD C. GRUBBS. He then started reading the message which began Section 23 of the Bill of Rights of the State of Kentucky (unintelligible). He then explained that in other words the Supreme Court could not set aside or declare null and void this Bill of Rights. FIELDS continued speaking in an unintelligible manner regarding this matter. He then made reference to an article that had been written by a member of the Bar of the State of New York. He then stated that he desired to read a matter which related to the very beginning of American history and expressed the ideas of THOMAS JEFFERSON and JAMES MADISON and JOHN MARSHALL, and expressed the views of those early people who forecasted the dangers in which we now are. He said that MARSHALL, speaking in the early and celebrated case of MARBURG versus MADISON, discussed at length the Constitutional Amendments underlying this (unintelligible). He then explained that any law which is contrary to the principles of a constitution is void and the courts are bound by this statement. He said

that this principle had been founded by the courts even prior to the time that the Federal Constitution was adopted. He said that in the Federalist #33, HAMILTON observed that the framing convention expressly specified that the constitutional provision for supremacy of Federal law that this supremacy is subject to be sure that it is in keeping with the Constitution. He said that it was pointed out at the beginning that any principle contrary to the Constitution will be acts of usurpation and will be considered null and void. He said that this applies to the Congress, the court, and the president, or as applies to all combined. He said that HAMILTON further pointed out that the larger or major societies will not invade the rights and privileges of the smaller societies. He said that every citizen has not only the right but the duty to act to prevent laws which are contrary to the principles of the Constitution.

At this point a third unidentified speaker began to talk.

THIRD UNIDENTIFIED MALE SPEAKER

This speaker started off by saying that there were times when a politician had to appeal to the people, but now the people have to appeal to the politician. This speaker started off further by saying that he wanted to speak on why there was a need for their organization. He said there was a time when little white children were born to white mothers. He said that five or six years from now little white children should be born to white mothers. He said that a hundred years from now white children should still be born to white mothers. He then continued speaking in an unintelligible voice about integration and mongrelizing the races. He said that the northern people would desire that our race become a mongrelized group. He said that when our forefathers came to this country they came with their wives and their children to build a new land. He said they didn't go to South America or to Mexico, but they came to this country. He said that they brought with them civilization and they brought with them their white stock.

He said they wanted to build a free republic and one that would grow and one that would enjoy itself. He then compared the situation in South America which was completely mongrelized and said that they had never had a real republican form of government. He then asked if we were going to desert and throw away the principles of our forefathers and go for mongrelization like they have in other countries. He answered his own question by saying, I don't think so, and then asked, But what are we going to do about it? He then said that we have been sold out on all sides and at this time we can't elect anything. He said that we're different from the Negro vote, which is sought after in several states, and he named Pennsylvania, Delaware, and others among the states seeking the Negro vote. He then asked again, what can we do about it, and he answered his own question, saying we have got to get out and get our own bloc of votes. He said that we have no magnificent dreams of putting our candidate into the White House this year, but he said, "By George, I think we can gain some recognition." He said that we're getting tired of voting for the lesser of two evils. He said we're not going to sit here and say, well, does NIXON like the NAACP more than HUMPHRIES or does HUMPHRY like the NAACP more than NIXON. He said there is no salvation to our country to have to vote for somebody that will go over to Africa and put his arm around a bunch of Niggers. He said our main objective at this time is to get on the ballot. (At this point the convention was unintelligible and difficult to understand. The voice continuing to speak sounded to be the same voice of Dr. FIELDS, a previous speaker.) He then mentioned the Executive Committee of the National States Rights Party and named the National Chairman as ARTHUR COLE, NED DUPES, the National Secretary, and MAT KOEHL, our National Organizer, and he named one or two other unintelligible persons as members of the Committee. He said that the Committee has named Governor ORVILL FAUBUS as Presidential candidate and JOHN CROMLIN as Vice Presidential candidate. The speaker then mentioned the Constitution Party and said that a Mr. McGUIRE had told the speaker that he had resigned as National Chairman of the Constitution Party. McGUIRE had said that he felt the organization was good, but it would not dominate if it did not stand up for states rights and claimed that this was the party that would stop Communism and this whole integration mess. The

speaker said that McGUIRE had recommended putting CROMLIN's name on the ticket. The speaker continued by stating what difference does it make if we have to mongrelize our children by putting them with Negroe children, and we might as well give the whole country away if we have to give our children away. The speaker said that the name of our party is the States Rights Party. He said that the first States Rights Party was founded by Governor FIELDING WRIGHT and STROM THURMAN in 1948. He said we have been fighting to keep this party alive, and he said we now have the consent of Governor ORVILLE FAUBUS to present his name as our Presidential candidate. (At this point there was long and loud applause by the group.)

He then began to explain how they could obtain votes for Governor FAUBUS. He said that if he had a petition and would walk down the street of Macon, Georgia, or Raleigh, North Carolina, he would bet that he could get nine out of every ten white men to sign this petition asking for FAUBUS as President. He said they know what stand ORVILLE FAUBUS took in Little Rock. He explained that if they nominated someone not so well known as FAUBUS, they couldn't expect as much support. After a few additional comments in support of Governor ORVILLE FAUBUS as the Presidential candidate, he then mentioned that the Democratic Party, through its Democratic National Committee, has appointed a group to prepare a civil rights plank in its party platform. He said he would bet that there would be some thirty some Negroes on that Committee, and it would also include ELEANOR ROOSEVELT. He then offered remarks of criticism of ELEANOR ROOSEVELT and also of RICHARD NIXON and mentioned that both of them probably belong to the NAACP. He asked the question, wonder what other organizations they belong to, and answered the question by saying probably the Communist Party.

This speaker continued and finally offered informal nomination for Governor ORVILLE FAUBUS for Presidential candidate. He then inquired as to whether or not there were any other nominations from the floor. He also nominated Admiral JOHN CROMLIN for Vice Presidential candidate and asked if there were any other nominations from the floor for this position. He then asked if there was a motion that the

nominations be closed, which he received. He then asked if there was a second to this motion, which he also received from the floor. He then asked for all those in favor of Governor ORVILLE FAUBUS designate by saying aye, all opposed no. There were no "no" votes. He asked for a vote for Admiral JOHN CROMLIN for Vice Presidential candidate. Again there were no "no" votes.

At the conclusion of the nomination and vote, the speaking became unintelligible. It sounded as though another unidentifiable male speaker had arisen to interject a few unintelligible words. The speaker then announced that he would like for the group to hear from our National Secretary, a man who was the supporter of ORVILLE FAUBUS and who has worked hard for the National States Rights Party. He then called on the National Secretary to speak and named him as NED.

NED DUPES

NED began his speech by saying that he got a little perturbed at the beginning of this meeting today and that he was a big enough man to say what he wanted to and he intended to say it. He said he might get hurt for it, but he was going to say it. He said that when he first started supporting ORVILLE FAUBUS, he got mail from Massachusetts and then later from New York City and other places on out to the west coast. He said he received approximately a hundred or two hundred letters advocating Governor FAUBUS for President of the United States. He said, however, that he only received one letter from a southern state advocating Governor FAUBUS. He said that his first impression was that maybe Doctor FIELDS and the other members of the National States Rights Party maybe didn't feel that Governor FAUBUS was the man, but when he received so many letters advocating Governor FAUBUS, he thought that if he was the man, he was perfectly willing to go along with them. He then mentioned that they had in the audience today a lady from Little Rock who has talked to Governor ORVILLE FAUBUS on a number of times. In fact, he said he believed she had spoken to him just before she came up here. He then asked Mrs. BISHOP

to stand up. Mrs. BISHOP received a loud round of applause. She then made remarks from the floor which, for the most part, were unintelligible, but she said he told me, "Tell them I'll do anything they want me to do." Mrs. BISHOP also received a loud round of applause.

NED then continued speaking by saying that he had heard of this word "democracy," but he didn't know where the people got that word. He said it does not appear in the Constitution or in any document laid down by the founding fathers of this country. He said we were born a republic, and democracy does nothing but cater to the smallest kind of men. He said men like HARRY TRUMAN. He said that he knew what HARRY TRUMAN did, because he was in Kansas City. He said all he did was carry a little black bag and make collections for TOM PENDERGAST. He said he went over the entire red light district of Kansas City, and he knew that for a fact that that was what he did. He said and that's where he learned to play the piano. He said he destroyed the greatest general this country every had, General McARTHUR. He said the man that we got up there now couldn't even make good as a buck private compared to General McARTHUR. He said that he thought that it was ridiculous for that man to call out an army to try and get Niggers to go to a white folk's school. He then asked the question, what kind of a man is that, he's no man at all, I say he's a dog. He said that he is not a Christian man. He said that he did something the other night in South America, and after he did it, he looked like he was embarrassed to death. He actually mentioned Christ. NED continued by saying that he had written the President a letter, the most insulting letter he had ever written to any man, and that if a man had written him a letter of that kind, he'd look him up if he was big as a town. He said that all the President did in answer to his letter was to send him a little literature telling him about the coming election, as though I was interested in him. He said that ALBERT GORE was another one, and asked where is he? He said that when a bill comes up in Congress, he's flying around in Europe somewhere or else he's down here making a speech at some little banquet or else he's over in a synagogue. He said that all he ever talks about is the TVA, and he said that although he, himself, is from Tennessee, he wanted everybody to know he was opposed to the TVA. He said this was

the biggest hypocrisy ever put in the State of Tennessee. He said they don't give no cheap power down there, they said they didn't. He made mention of another unintelligible person, whom he said looked like a bulldog. He said he had written a letter to him, but he said he didn't answer his letter, he said he had to take care of the party. Then he asked the question, what party? He said they don't have any Republican Party, they got a Marxist-Socialist party, but they just don't want to admit it. He said there are too many men running around the country wanting to be President today like ESTES KEFAUVER, who put on a coonskin cap and ran around trying to be President. He said he let people thoroughly understand that he didn't have any sense. He said, "What do you got today, we got a bunch of nincompoops." He then said how much longer are we going to put up with it. He said, I'm not worried about the people in Washington, I'm worried about the stupidity of the American people. He said we're the government, not a bunch of unintelligible in Washington. He said if those people in Washington had to make a living on their own, they'd starve to death. Then he said, down here in Alabama they got a fellow named MARTIN LUTHER KING, calls himself a preacher. He said if he's a preacher, I'm a clock maker, but all I can do is tell time. NED then criticized the people of Tennessee for putting JOHN KASPER in jail and then began to summarize the qualities of ORVILLE FAUBUS. He said that he's a white man and he's a Christian. He understands the United States and the Constitutional laws of the United States. He said that he understands that the states set up the government and that the government didn't set up the states. He said, I think what we ought to do is get together folks and "I'm just dumb enough to think that we can elect somebody this time." He said if enough people go to those polls and vote for the right party, we're bound to get in. He said what a time that would be--what a time that would be to see them all weeping and wailing and gnashing their teeth. He said it would be worse than the judgment day. He said they wouldn't know where to go or which way to turn around. Half of them don't know right now, and if they have to depend on their own money to get home from Washington, they won't get there. They'll be out on the highway thumbing a ride.

NED then began talking about foreign aid, and he asked the question, what is foreign aid? He answered by saying it's to build up the Rockefeller Foundation. He then criticized Scripps Howard newspaper and told those present that they didn't have to buy that newspaper. He said if you stop buying that paper for six months, I'll guarantee you they'll fold up. He said that newspapers down home don't bother him any, because he'd cut their water off long time ago. He then said it was about time for him to wind up his comments, and he wanted to tell all of them "Let's get together and get the ball rolling."

There was a loud round of applause as NED completed his talk. Following his talk, there was some unintelligible conversation and also an unintelligible announcement. The unintelligible conversation appeared to concern the Odd Fellows Hall and the NAACP. There then appeared to be some announcements regarding some publications for sale. There was mention of publication called "International News" by GERALD L. K. SMITH. There was also mention of another publication that dealt with MARX, LENIN, ENGLES, and all of the other Communist writers who explained how they got possession of other countries. The unidentified male making the announcement regarding these publications said that anyone who would read that book after laying it down would be bound to say that he was with us. He referred to the book by the caption, "The World of Hope".

The next speaker, an unidentified male, began his talk by telling a story about a battle field in the south. He said that the fighting was going pretty tough, and everybody was discouraged, but there was a brave man among the group, a general, and all of a sudden a messenger came in from the field and brought a message from a battalion commander describing the deplorable conditions and asking the general what he should do. He said that the general was a Confederate general, and he turned the message over and wrote down one word, "Fight". The speaker said that the general took the same attitude that we would have to take today when you're surrounded by people from all sides--when you're surrounded even by white people who are opposing you, there's only one thing to do, and that is to fight, and he screamed the word, fight. He said my friends,

the hour is ripe. Here in America the enemy is right at the point of taking over. He said that in 1917 the Russians, the enemy that we claim today, who didn't have one thousandth of the power then that they have now, overthrew the Russian government. He said we are practically today a defeated civilization, a defeated race, a defeated people. He said we've got to get our brains to work and our wills and our minds and our intellect and everything we've got if we intend to survive. He said this struggle is no mere political campaign, and he shouted again, "This struggle is a struggle of a race to survive." He said this matter is not only being fought out in Atlanta, Georgia, and in Montgomery, Alabama, and in Jackson, Mississippi, but this matter is being fought out in all the four corners of this great earth. He said this is not merely a political battle, but is a biological reality of a race. He said there is a deliberate premeditated conspiracy to defraud our race. He said this was the real question. He said all of those political aspects of the question are just ways of looking at it. He said that if the race does not survive, then all these other values do not amount to anything. He said what is needed today is a political crisis, and instead of preaching the ideology of mixing the races, what is needed and what must come forth in one way or another is a political movement dedicated to the idea that the white race has a right to survive like the rest and based fundamentally on that rockbed foundation of race and that we in this hall tonight are struggling and striving to be in the forefront of that movement. He said that if things continue like they're going today, the world before we are gone is going to be Communist, and he said Communism is everything it's Jewish inspiration and is under Jewish leadership and Jewish creation, and this is the enemy we fight. Integration is a part of thatism. The destruction of the rights of our states is a part of that struggle. He said they may have destroyed the states, but they haven't destroyed the power of the states just for that reason alone. He said they're out to destroy a state power so that those states can have laws permitting racial intermarriages, laws in which a white society can't exist and live, and what we need is laws that will allow white children to go to school with white children. He said the ultimate aim of Communism is to destroy the white race and, in destroying the white race, destroy

everything that the white race has created, including Christianity. He said that Christianity has only lived among white people. It's never thrived among any other race. He said that Christianity is a part of the white race, and if the white race goes down, Christianity goes down, and in defending the white race we defend Christianity. Following his comments there was another loud round of applause.

The speaker commented that he lived in Atlanta, Georgia. He said that he realized that a great deal of this fight would have to be borne by the south, but at the same time cooperation from the north would be necessary. He said that in order to do any real good, we would have to have a balance of power, and we would need those interested white people from the north in order to have a balance of power. He said the political parties would have to come to realize the value of the vote of the States Rights Party, and he said that we would then be in a position to bargain and say all right, if you want our vote, you have to talk our language. He said that these politicians who work for the Jews and the inter-racialists and the Communists, and we've got to create a political party in addition to those known as Republicans and Democrats if we intend to save our race and our civilization. He said that those people don't have the best interests of America at heart, and he referred to previous comments made by ROBERT FIELDS, who said that in the south about half of them are split right down the middle of the stump because half of them vote Republican and half of them vote Democratic. He said that each party is looking for the vote of the Negro and the Jew, and although the popular vote in the south is small compared to the north, each party needs the vote of the white people in the south, but as it stands now the south has been nailed to the cross of the crucifixion. He explained that we feel the situation greater in the south because in many places in the south the population is eighty per cent Negro. He said it's not a matter of whether or not you want to allow the Negro to vote, it's a matter of whether or not you want the Negro to elect the officers. He said that you had to decide whether you wanted the Congressmen to be all Negroes or not. He said if you wanted your mayors to be Negroes and you wanted your other

public officers to be Negroes and you wanted to live in a predominantly Negro society, then all was all right. He said that if it was just a matter of giving a small minority of Negroes the right to vote, there would be no problem involved. Nobody would object to a small minority of Negroes voting, but in many of the counties of the south, giving them the right to vote means you've got to get out of the county yourself unless you want to live under their domination. However, he said the white race just isn't willing to live under Negro domination. (Loud applause).

He said, now our party is the States Rights Party, the National States Rights Party, and as far as I'm concerned it means something. That's not just an idle (unintelligible) just to throw around, but it really means something. He stated that as far as he's concerned, it means that the state governments, each one of them, have a sovereign and Constitutional right to vote for its own rights under the Constitution. He stated that in 1956 every state in the south passed a resolution with the exception of North Carolina. He said that this resolution stated that the Supreme Court had gone beyond the authority guaranteed by the Constitution and that, therefore, the ruling of the Supreme Court was null and void, and he mentioned that these resolutions were passed in every state during 1956 and 1957. He said the legislatures in the south have already passed such a resolution, and it is now just a matter of politicians standing behind the resolution and saying they're going to uphold it. He stated it was his opinion that that was just what the south was going to do. He said it is not the part of the citizen to obey the usurpation of a Federal government or any other department, but it is the duty of the citizen to obey the law, but he said when the Supreme Court of the United States is under the domination of the Communists and admittedly are freeing Communists with no law to support their action, it is not our duty to uphold a Supreme Court that acts in this fashion. He said that if the people don't recognize the freedom that they have and aren't willing to stand up and fight for their freedom, then it's going to be taken away from them. He said this conspiracy is moving in and taking over everything. He said that they are now trying to pass laws to move Eastern

Europe and Asia and everybody else in on us, and if we're going to preserve our freedoms, we've got to fight, fight, fight, and he screamed these words, fight. He said if the GEORGE WASHINGTONs, MADISONs, and other forefathers who made this great nation of ours and who gave us the freedoms which we have were here in this hall with us tonight, he was here to tell those in attendance that they would be on "our side". For this comment, which he screamed at his audience, he received a loud round of applause. He also said that as long as GEORGE WASHINGTON and JEFFERSON DAVIS and MADISON are on our side, the rest could have KARL MARX and JOE STALIN. He said that unless we're willing to base our beliefs on a religious foundation and be willing to go out and fight for them and be killed on the street for them if necessary, then we are going to lose our freedoms to this Communist conspiracy. He said we've already lost many of our professional people to the Communists. He said he referred to the ministers and pastors, the lawyers and doctors, the engineers and architects have all, practically all, already gone over to the Communists. He said he wasn't saying that to frighten the people, because he still believes that we can win. But he said the secret to winning is that we must stand together and fight together and love each other and fight for each other if necessary and be thrown in jail together if necessary, but together was the real secret of success; and he mentioned over again, together--together. He said we've got to decide whether we're coming together with the Negro and the Jew or whether we're coming together with the white folks. He said if we don't come together, we're lost, everlastingly lost. He said there was a fight before when the people in the north took over, but he said this battle that we're fighting today is the last battle that the white people will ever fight and lose, for if they lose this battle, they're lost. He said we've gone down and we've gone under for the last time and still be able to come up.

He said that when he said fight for the white race, he didn't mean hate others, but he said you're fighting for the blood that runs in your veins and for those of your own kind and that it's his understanding that this is the true religion and that this is the way it was intended for you to be,

to fight for those of your own kind. He said that anything that God has made, God has planted an instinct in it, and it's only a God-given instinct to fight for people of your own kind. He said that when you're fighting for those of your own kind, that's according to God's law, that's not the law of any lunatic but that's the law of God. He then stated that you'll find no argument for integration in the Bible. He said he would defy any of these integrationists to find any authority anywhere where God had made anything that was supposed to mate with other than those of its own kind. He further stated that when you're out here fighting for those of your own kind, don't let the other side try to convince you that they're fighting for God because they're not fighting for God, they're fighting to destroy what he has created. He continued in his comments by stating that this matter relating to race mixing and integration was started with the devil and was contrary to the principles of God. He said that in order for us to do anything about this situation we have got to be counter-revolutionary toward those people who are starting a revolution and we must do this if we intend to preserve the American way of life. He said that the Jews in this country have been carrying on a revolution for the last 30 or 35 years and it's a revolution that has been sanctioned by the higher authorities in our government. He said that the press, the television and the radio are all Jew controlled. He said we are supposed to be looked on as lunatics, but the idea that we so-called lunatics look on is the idea that this America was actually founded on. He said that the founders of America were not concerned with the negro and the negro is not considered a part of our people or a part of our country, and just because the negro has now come and become a part of our midst does not mean that the negro is part of our people or a part of us. He said the negro was declared a citizen of the United States under the Fourteenth Amendment and although the Fourteenth Amendment was unconstitutional, it is an Amendment which declares the negro a citizen. But even so, being a citizen of a state does not make that citizen necessarily a part of the people. He said you must be assimilated by people or you must be born unto it in order to become a part of the people. He said that whoever says the

negro and the white people are one in the same people speaks a lie. He said they are not, they're different, they're different people. He said that when that great document, the Declaration of Independence, was written and stated that all men are born free and equal, they meant that all people through their inheritance were free and equal. He said that they did not mean that all the people of all the world were born equal. If that had been the case, they would have opened the United States up and let all of the people of the world freely come into the United States. He said that moreover they did not include slaves because practically all of those people who signed the Declaration of Independence at that time themselves owned slaves. They said whatever we must do, we must hold firm to the idea of being one people. He continued that that's no hate of anybody else just because we don't want to mix our blood with a negro, but it is just human nature. He cited that the example of going out into the woods and seeing the beauty created by nature where you observe an oak tree and then you observe a different type of tree. He said that if the idea of all being one were true, then there would be no oak tree, there would be no other type of tree. A tree would just be identified as a tree. There would be neither oak, elm, pine, or ash. He said that that's the way God intended it to be, and if we come along and try to mix what God intended to be separated, we will pay an everlasting penalty for this fault. The speaker then stopped and asked if he had talked too long, and an unknown male voice answered from the audience, saying no, we could listen to you talk all night. He continued by saying that the thing we have got to do is to go out and find a group in every community that we can find of white people who agree with us on our fundamental principles. He said if the people we find don't agree, then "vote them down" and kick them out.

He stated that the politician in the south is not too much worried regarding the negro, that what he is really worried about is the fear that the white man may organize and

get together and he has a fear of five, ten or fifteen thousand white men coming to the politician and saying to him, 'listen here you've got to straighten up if you're going to represent us. That's what he is actually afraid of. He said for years we white people have been pushed around, kicked around, pushed around. He said that down through the years the south has always supported the Democratic Party. He said that this dates back many years ago when the Christian Knights rose up to save the south from the negro, and he said that if that had not happened then there wouldn't be any white people here today in the south or the north as a white race. He said be that as it may, it was down through the instrumentality of the Democratic Party. He said that it was the Democratic Party that had saved the south from the carpetbaggers and scallawags and since the Democratic Party had been loyal to the white race, the south has remained loyal to the Democratic Party. He said, however, that since the days of FRANKLIN DELANO ROOSEVELT, the Democratic Party has sold out every principle that the white man and Democratic Party has ever believed in. So he said today the south will not go along with the Democratic Party on its present basis. He said that the south will not go along with a party that is trying to mongrelize the races, and the south will not go along with the party that's trying to feed the south the crumbs off of the table. He said we want to sit at that table and be a part of the people sitting there. We are tired of being knocked around. He said with this election that's coming up this year you're going to hear a lot of talk about rebellion in the south. He said it will be men like ORVILLE FAUBUS that will carry the ballot in that coming election. Loud round of applause. He said that whoever it is Gentile, Jew, Protestant, or Catholic, if he doesn't agree with our American way of life then we're going to fight. He said you've got to point out the clean cut faces, and he said you've got to decide if you're going to stand up and be white or if you're going to be black. Its just that simple. You're on one side or you're on the other. He said that this fight that's coming up will be the survival of the race and there's no such thing as a middle ground. You either fight with us or you fight against us. That's the way its got to be.

He said we can win and the reason we haven't won before is we haven't even tried to win before and we can win because we represent the great overwhelming majority of people in this nation. He said its not only a majority but its the most intelligent majority, its the most liberal and its the most energy filled majority and by standing together were bound to win. He said that all thats on the other side is a few Jews and a few Communists. He then urged those present to get on the telephone and indiscriminately call a hundred of those people listed in the telephone directory. He said talk to them about these racial issues and you will find that they are on your side. He said that he has done the same thing himself and the majority of the down to earth people are on our side. He then explained that there are only a small number of people who actually vote anyway and he cited as example that in Atlanta, Georgia, there were only 18 per cent of the people that voted. He says that in a place like Atlanta 2000 votes would swing most any election. He said that any small group, 10, 30, 40, 100, or a 1000 could do miracles if they just had sincerity in their hearts. He emphasized that this race of ours is not going down it is going to live. He asked if he was right and he got a loud round of applause. He then called attention to the Jews being a small minority, and said that most of them when they came over here couldn't even speak our language but in a short time they had gotten a hold of all of the money, all of the propaganda, and practically everything is in their hands and how did they do it. They worked together, thats their motto. They said thats got to be our motto, work together, and working together we will win. He then urged everybody to pick out white people and trade with them. If a man runs a grocery store look him up and trade with him. If he runs a clothing store, trade with him. If a white man runs a real estate agency, trade with him. Stand together like the Jews stand together and like the negroes stand together, and we will win. He stated that he feels that we can win and the purpose of his coming there today was to try and spread a little cheer into their hearts and if after hearing him speak they feel that they can win then he is satisfied he has accomplished what he came to the convention to accomplish. With that comment he

concluded his speech and an unknown person spoke in the background stating that he was one of the greatest public speakers that had appeared there today and he urged the crowd to give him another hand. So again he was given a long ovation by the convention.

The next person introduced was F. ALLEN MANN of Hinsdale, Illinois. Some other person spoke up, however, and said that Mr. MANN had stepped out to his car and would be right back. Since MANN was not immediately in the hall, the unknown speaker then stated that we would hear from J. B. STONER.

J. B. STONER

J. B. STONER began his talk by addressing the group as fellow white citizens of American and informed them immediately that he heard some news on the radio on his way to the convention from Dayton. He said he heard news that the greatest traitor in the history is now dead. He then announced that according to the radio, GENE SMITH, Chief of Police, Little Rock, Arkansas, had just shot his wife and then killed himself. With the making of this announcement, the convention began cheering and clapping and applauding and cheering and screaming at the top of their voices. He said that the struggle in Little Rock, Arkansas, is still going on and that that struggle is still not yet decided but if it continues like its going on eventually there will once again be segregation in Little Rock. STONER then said that he himself had been working for years trying to arouse the white people with very little success, but he was happy to say that today the NAACP was doing more to arouse the white people than he had been able to do by himself in quite some time. He said that the Jews are the ones that have started all of this segregation business by promising the negro everything. He said that the Jews have told the negro that they are entitled to everything so they should be able to eat with the white people, go into restaurants with the white people and have social relations and intermarriage with white people. He said the Jews have got the negroes so convinced that the negroes are tired of waiting and its going to be hard to convince the negro now that the Jew didn't really mean it when he told him he could have everything.

STONER continued by stating that every white man and his wife and his daughter and his son and all of his children, whether they want to or not, now will have to stand up and be with us. He said that there are some practical matters in regards to politics and although everybody is constantly talking about the south, he thinks that Ohio is a good place for the party to hold their convention. He said it is good for the people in Dayton to realize that they don't have much more freedom than the people in his county. He said about the only difference is that over here they try to keep you from having a meeting and over there they try to arrest you before you hold a meeting. He said that if nothing occurs at this convention today, other than a nomination of the best governor we have today, Orville Faubus, and Admiral Cromlin, then the purpose will be well achieved. He said this fact in itself will result in putting the National States Rights Party on the ballot in many states. He said that whether we win the election or not we have still come a long ways and that all we have to do is pull so many votes, that if one of the other parties don't have a majority, then we will hold the balance of power, and instead of running out to the jew bloc vote or the nigger bloc vote, the politicians will then have to run after the white bloc vote. He said that his answer to these people who say we can't win and he doesn't believe that we can't win. He said if we establish ourselves as a white voting bloc, then the Democrats and Republicans will have to come to us to try and get our vote, and if they appeal to us they'll have to support what we believe in and they'll have to put our beliefs as a plank in their platform, and they've got to do this in order to appeal to our people to get votes from us and if they put in a plank of this kind to get votes away from us then we have still accomplished our purpose. He said, therefore, if the jews and niggers can form blocs to dominate the two major parties or rather the one major party with two faces or two fronts, then we can have a bloc of control too. He said, however, that that is just one objective. He said our next objective is that we need a new political party and that if we can't win this time maybe we can make enough showing so we can win next time. He said he knew one politician who ran for office three times before he could get elected but the third time he was elected and he said if we can win in two or three elections, then we will have accomplished our purpose.

He said if any of you people have any trouble getting your National States Rights Party on the ballot in your state find out all you can about the election laws of that state and let me know and I'll help you get it on the ballot. He said if we can make a strong showing and win this election the jew is on his way out and if the jew is on the way out, the nigger will have to go with him. He said I don't hate the jews, the nigger, or anybody else but I do believe in self preservation. He said the jews plan to destroy our race and if they destroy our race they destroy our civilization and all those with it. He said that he was opposed to mongrelizing the races because Christianity could only survive among the white race and that in North Africa when they had attempted to mongrelize the races, Christianity had failed. He said history also records that every civilization that ever tried to mix up with the niggers went back to the jungles or worse. He said it isn't that the nigger is so aggressive but he said that any time nigger blood gets into other blood it destroys the race and he said the jews were trying to destroy the white race by pumping nigger blood into our race. He stated that eventually it will get to the place that a man marries a woman and he won't know whether he is going to have a white child or nigger child, and if we continue we will get to the point that we got a mongrelized race that they've got down in Cuba. He then said that regardless of how they felt about whether they could win the election, he said that if they went with Governor Faubus they would get plenty of votes.

Some people have criticized me--I am not so angry with criticism because I don't feel called upon to answer to criticism. This is just to let you know more about the true situation. Some people have criticized me because I have attacked that master of deceit, J. EDGAR HOOVER, and his race mixing FBI. (Applause) Someone said even though he says some things in his book that weren't so, on the whole it's a great book. On the whole the great purpose of this book was to win the confidence of the reader just like any confidence man or con man trying to beat you out of your rights and your money. Win your confidence and then tell you that the ADL, the American Jewish Congress, the American Jewish Committee, and NACP are wonderful American organizations. They make you believe such lies as that. It's a fraud, that whole book, "Masters of Deceit". The editor in Sulphur Springs, Arkansas, in a weekly publication known as the Sulphur Springs Beacon, I think it is. The publication that has been fighting Communism for years and years. They fought Communists for years and years and you never heard one single word from J. EDGAR HOOVER, while the FBI was pouring droves of FBI Agents into Little Rock in 1956 to persecute Governor FAUBUS and all the other white segregationists there, and they even kidnapped high school girls to carry them down for hour long questioning (unintelligible) without consent of their parents or without any lawyers being present. J. EDGAR HOOVER wrote two letters to the editor of the Sulphur Springs Beacon. He praised him for his stand against Communism, and if that wasn't a smoke screen, I don't know what that was. He praised the editor of the Sulphur Springs Beacon in Sulphur Springs, Arkansas, for being against Communism so he could keep that editor from saying that J. EDGAR HOOVER was choking and the FBI were choking. Communist race mixing down the throats of the white people of Little Rock. (Applause) J. EDGAR HOOVER is the biggest fraud ever perpetrated on the American people. He's a criminal (applause), and I'll not only say it here, I'll say it anywhere else. I'll put it in writing and spread it all over the country, and I'll stand by it. He's a criminal; he's a professional trained liar. (Applause) The FBI comes around you and persecutes you and you can go get your Congressman, and he will then ask J. EDGAR HOOVER about it. J. EDGAR HOOVER every time will deny

he's done anything wrong and that any of his agents have done anything wrong regardless of the crimes that they have committed, and I just don't go for such as that. In fact I've seen some official FBI stationery recently, at least it was published by the FBI, in which J. EDGAR HOOVER tells people that they should be against what we believe in, such a thing as (voting?, registering? --- unintelligible) and things like that -- going to be in the next Thunderbolt. (Applause) Everyone knows what Jewish led NACP stands for--race mixing. J. EDGAR HOOVER says the NACP is a great organization. So, what more does anybody need to know about J. EDGAR HOOVER except that he's an enemy. I was talking to AMOS GUTHRIDGE (PH), most prominent segregation lawyer in Little Rock, Arkansas, ----- (unintelligible) and even down in Florida? (unintelligible). He told me the FBI was running the Little Rock Police Department, which I already knew, and that there wouldn't even be any integration in Little Rock if it weren't for the FBI. The Jew Communists are using the FBI to force integration on the south. I don't care how nice some FBI agent is. J. EDGAR HOOVER might be the greatest American in history. He might be a saint even before he is dead. Some people want to cannonize him now. (Laughter) Some of them think he is greater than GEORGE WASHINGTON, PATRICK HENRY, and all, but I don't care what they think about it. The facts about it are the facts-----he may be wonderful and all. He might be as wonderful as a nice new brand shining revolver, but I don't care; if a man's going to kill me, I'm not going to stand there and say what a nice pretty revolver you have. That's the same way J. EDGAR HOOVER. The Jew Communists are using him against the white race of America just like a criminal gangster using a gun against a man he's holding up, and I'm not going to praise an instrument even if it's wonderful even though I think it's quite rotten. The FBI uses perjury---they suborn perjury---against innocent people like GEORGE BRIGHT in Atlanta. They went to see Mr. EMERY BURKE (PH), who was speaking here a minute ago, in Atlanta. Well, before they went to him, they went to see one of his friends. The FBI Agent named ROBEY (PH) told him that he would see that he got all of the reward in the south (or himself--unintelligible) which totaled well around \$112,000 if he would cooperate with him in sending BURKE to the penitentiary and he also ---- (unintelligible)

The man refused to go along with the FBI. The same FBI Agents _____ (unintelligible) then went to BURKE and told him they'd see that he got all the reward money if he'd testify against me. Now if that's not subornation of perjury, I don't know what is. Whenever the FBI put that VIRGINIA DAVIS MOORE (PH) on the stand against GEORGE BRIGHT in Atlanta, they're guilty of subornation of perjury, and that's felony. Well, the FBI ain't guilty of just a mere misdemeanor, they're a bunch of felons running around loose. JOHN DILLINGER and his gang were an honorable bunch of gentlemen compared against J. EDGAR HOOVER (Applause). Some people say, well, J. EDGAR just has to take orders from the Attorney General. I say to you if the Attorney General, Jews, and Communists find out the great FBI effectiveness is destroyed, they'll quit using it against us. Everyone of these civil rights bills in Congress violate the rights of the white people not only in the south but all over America, were put in this Congress through the influence of Jew Congress and everyone of them would strengthen the power of the FBI. If the Communists are against the FBI, why do they want to fight the civil rights laws. It would set up in effect a police state in America operated by the FBI. Who's going to strengthen their own enemies, nobody. I don't want to take up too much time on the FBI and I hate to have to waste a single word about them. They're no good, and if it weren't (hesitation and applause) if it wasn't for those gangsters, we would not have any integration in the south. (Applause)

STONER continued his speech by offering critical comments in regard to the Rockefeller Foundation and the Ford Foundation. He also mentioned that a Jew professor, named BOAZ (phonetic) at Columbia University had taught a great deal at that university leading to integration, and he said that many of the students he had taught had carried the integration idea with them from Columbia University. He said that BOAZ even admitted that the negro was an inferior race to the white, but he still thought they ought to mix. He said if it wasn't for the jew we wouldn't have any race mixing nor would we have any communism. He said that KHRUSCHEV was married to a jew, and that most of his children were jew children. He said they have a jewish daughter-in-law and a jewish grandson. STONER stated though as far as he was concerned he was against all jews.

STONER then stated that he had been down at the Odd Fellows Hall giving directions to the convention and while he was there a man who met the description of the BILL PETERS of CBS-TV came by. He said the CBS-TV was trying to smear job on the National States Rights Party. He said we finally got rid of BILL PETERS and we got out here without him. He said CBS-TV and all the other newspapers and radio stations are controlled by jews and they weren't willing to put our side on their programs.

STONER then said that I want to tell you in closing be sure and get on the ballot. He said now we can't help it if the jew doesn't like us, but he said when the jew gets up in the morning he goes into the bathroom and shaves. When he looks in the mirror he sees such a horrible sight that he feels bad the rest of the day. So then he takes that spite out on us. So he said let's do all we can to get elected so we'll all get out and vote for Governor Orville Faubus and Admiral John Cromlin.

The next speaker introduced was AL MANN of Hinsdale, Illinois.

ALLEN MANN

MANN began his speech by stating that the main thing that we have to do is to get our word to the people

and since we can't get them through the press we have to get them our own way. He began by pointing out the tremendous amount of literature they could publish each year if each of them would only mail literature out to 100 people. He said if they could get 1000 people to mail out literature think how many people they could reach under those circumstances and if they could get 5000 people working for them they could reach a vast majority of people in the United States, in a short period of time. He suggested that everybody could get all the names they wanted from telephone directories and even if they never heard from the people that they sent material to it wouldn't make any difference; at least they would be sending it out and getting it circulated. He said that if everybody would take thirty minutes of his time each week to mail out this literature it would reach a tremendous amount of people. He said that we tried this in Chicago and in a very short time we had many people working for us, sending out this literature. He said that he had two leaflets with him and he would like to get started right away tonight, and if everybody was agreeable he would like to give everybody 33 of each of those leaflets to mail out. MANN then continued by mentioning some of the books that he had in his possession and offered some description of the books. He mentioned that one of them had a thorough discussion of the anti-Christian viewpoint. He said that one book he had covers all jewish interests from the very beginning up to today. The book that he referred to sold for \$4.00 for the paperback and \$6.00 for the hard back cover. MANN also commented that he would like to see anyone at the convention who was there from Illinois and stated that if you know anyone from Illinois he would appreciate it if you would write to him and have him get in touch with him. After telling those in attendance that he would like to see and talk to as many as possible he then concluded his comments.

[REDACTED]

The next speaker introduced himself by saying my name is [REDACTED] He then referred to the gentleman who had just spoken from the State of Illinois and told those present that he wanted to tell them about what was happening in the City of Chicago today. He then spoke in an unintelligible fashion making reference to the City Hall of Chicago, Dave County, Florida, the Communists fronts in

b6
b7c

Washington, D. C., and then again referred to the City of Chicago. He said that he use to work in the City of Chicago in the wintertime. He said that he worked for the Interstate Detective Agency as a detective and he said that he was stationed out on the southside. He made reference to a white housing project which a negro family moved into. He said that they couldn't move in in the daytime; they had to move in at night. He said however there was complete confusion in a very short time for 20 blocks up and down both sides of the street with cars turned over and all types of confusion going on. At this point in his talk, an unknown male spoke up stating, Mr. [] I hate to interrupt you but the hall will have to be given up as there is a dance here tonight and there is a band outside that is ready to come in and start setting up now. So with this interruption, Mr. [] concluded his comments.

b6
b7c

Another unknown speaker stated that he would like to interrupt and at this point introduce a resolution which he felt was the basis of foundation for the National States Rights Party. He then stated "Be it resolved that the National States Rights Party is a Christian organization, believing in God, the leader of the universe, and all that is within it, and the Divinity, Virgin Birth, and Resurrection, of our Lord, Jesus Christ." This speaker then stated that he would like to have that made as a motion and someone immediately said I second the motion. There was a vote and the convention, all shouted, aye.

Following the adoption of the resolution, the convention came to a conclusion and the group disbanded.

NATIONAL STATES RIGHTS PARTY
RACIAL MATTER

Submitted herewith is the original and seven copies of a letterhead memorandum setting forth details regarding proposed activity of captioned organization to be held in Birmingham, Alabama, in June, 1960.

The confidential source utilized in attached letterhead memorandum is [redacted] Chicago, Illinois, [redacted], who obtained this information in private conversation with MAYNARD O. NELSON on 5/10/60. [redacted]'s identity should be protected. He is currently under consideration for development as a PCI (RAC) of the Chicago Division. He has furnished reliable information in the past. Information set forth in attached letterhead memorandum was furnished to SA ROBERT J. DOLAN on 5/10 and 11/60.

b6

It is noted that in furnishing details concerning the proposed activity of captioned organization, NELSON maintained a cautious attitude and warned [redacted] that ordinarily he would not mention the activity to him, but in this instance because of his personal excitement over the fact that this is "their first major demonstration", he felt

NELSON also remarked in confidence that he intends to participate in the demonstration and that MATTHIAS KOEHL also intends to be present. Because of the nature of this information, it is considered that the fact that KOEHL and NELSON intend to participate may not be generally known.

It is noted that NELSON and KOEHL are presently designated by the Chicago Division as potential bombing suspects.

[] stated he could not pursue questioning of NELSON without arousing suspicion and, therefore, he cannot evaluate the information furnished. [] related that he has supplied this information exactly as obtained from NELSON and during his conversation with him observed no indication that NELSON was being untruthful.

In view of the nature in which this information was received, it is recommended that the Bureau not disseminate this information at this time.

It is also requested the Bureau consider granting authority to the Birmingham Division to discreetly furnish officials of the Birmingham Police Department with details of proposed activity.

Chicago will follow and immediately furnish any additional information received from this source relative to the proposed demonstration.

NATIONAL STATES RIGHTS PARTY
RACIAL MATTER

A confidential source, who has furnished reliable information in the past, advised on May 10 and 11, 1960, that information has come to his attention that a group of individuals, identified to him as the National States Rights Party, is to stage a demonstration in Birmingham, Alabama, during the middle of June, 1960. The demonstration is to be scheduled as near the 15th of June as possible, though will undoubtedly begin on a week end.

Source stated that information available indicates, "This is to be the first major demonstration of the group." Plans are for the group to march in Birmingham under the guise of a political demonstration. Some participants are to wear uniforms of an unknown description; however, those uniforms will bear the insignia of the National States Rights Party. Marchers, source stated, will carry banners and placards in support of Governor Orville E. Faubus of Arkansas for President of the United States and for Admiral John G. Crommelin of Alabama for Vice President.

The "target" of this demonstration, source has learned, is the "fringe-whites." It is planned that door-to-door contacts are to be made with these people to "gain their co-operation." Arrangements have been made, source continued, with a group of Negro "agitators" to throw rocks at the marchers. This action is expected to arouse the "fringe-whites" to demonstrate and work with the marchers and "to get everyone really going."

It is anticipated that violence will be unavoidable and while guns have not been mentioned certain of the marchers will be armed with clubs.

Source added the demonstration is scheduled to be run on a 24-hour basis. Participants will come from all over the country. Available information was that a "couple of strong-arm men" will be in from New York and Los Angeles. Full scale coverage is to be arranged in regard to publicity.

Source said that one Emory Burke, Decatur, Georgia, is to "ram-rod" the demonstration. Burke, source learned,

reportedly was recently released from prison and his lawyer together with Jesse Stoner, legal adviser of the National States Rights Party, are to be present at the demonstration to assist any of the membership who might be arrested as a result of their activities. John Kasper, widely known segregationist, if released from jail on time, will also assist in leading this demonstration.

Source learned that knowledge of the plans for this demonstration has been limited to a very few individuals and even in these instances such plans have been carefully guarded. It is, however, the intention of the group to publicize the demonstration to the membership in the near future.

The Bureau will observe that the current issue of The Thunderbolt continues the past policy of this publication of attacking the Director. With respect to the article on page 2 of the enclosed issue entitled "FBI Chief Blasts KKK," [redacted] (RAC) advised that FIELDS and STONER had remarked that in the past there were some Klan members who spoke favorably of Director HOOVER and did not agree with STONER and FIELDS' policy of attacking the Director. STONER and FIELDS stated they intend to see that every Klan group in the country gets a copy of the current issue of The Thunderbolt so they will be aware of the Director's feelings regarding the Klan. In this connection it is noted that on 4/30/60 [redacted] (RAC) advised he had visited the residence of EDWARD FIELDS in Louisville on afternoon of 4/30/60; that FIELDS was not home but J.B. STONER was there. STONER remarked he had received an article reflecting Director HOOVER had appeared before some Negro group and strongly criticized the Ku Klux Klan; that STONER was happy to receive this article as there had been some

Re mylet 1/26/60 in which is set out information concerning the "reactivation" of captioned organization and information pertaining to individuals connected with it.

On 6/10/60, [redacted]

[redacted] Chicago, Illinois, who, it will be noted, is the original source of information in this regard, advised SA JOHN W. TOEDT that in his continued contacts with [redacted]

[redacted] MAX NELSON and EUSTACE MULLINS since reporting the original information, he is now of the opinion that all of their remarks have concerned the National States Rights Party. He stated he is of the belief that the Institute of Biopolitics is a "paper" organization consisting wholly of [redacted] NELSON and MULLINS, and is, in fact, only a front for the National States Rights Party. He stated that to his knowledge, MAX NELSON is in very frequent contact with EDWARD FIELDS and JESSE B. STONER in Louisville, Kentucky, and speaks of them as "we" in regard to planned organizational activities, indicating to the source that these activities concern the National States Rights Party. No information has been developed from any other source indicating the existence of any membership, as such, in the Institute for Biopolitics, and [redacted] is convinced that when the above individuals have spoken of the national membership, a Women's Auxiliary, a Smith and Wesson Committee, etc, they have, in fact, been referring to the National States Rights Party rather than the Institute for Biopolitics. b6 b7C

In view of the above information, no further investigation will be conducted concerning the Institute for Biopolitics as a separate organization. Instead, activities of that organization and persons affiliated with it will be reported in the National States Rights Party file.

Referenced Cincinnati memorandum of 4/8/60 contains information from [redacted] Dayton, Ohio, (protect), which describes (FNU) [redacted] as a member of the [redacted] City of Chicago assigned to the "south side of Chicago". [redacted]

Cincinnati letter to Director dated 4/15/60 reports information from CI 369-C (RAC)*. Informant identified this individual as [redacted] who "used to work in the City of Chicago in the wintertime". [redacted] reportedly stated he was employed by the [redacted] stationed on the southside of Chicago.

Indices of the Chicago Office fail to identify this individual on the basis of available descriptive and/or background information.

Miss [redacted] 407 South Dearborn Street, Chicago, Illinois, advised SA ROBERT J. DOLAN on 5/19/60 and 7/28/60 that a complete search of the files of that firm do not indicate a [redacted] was employed by them in any capacity.

Contact has been made with the following individuals, all of whom are familiar with certain phases of racial matter activity in the Chicago, Illinois area:

All of the above advised they have no knowledge of a [redacted] in connection with activity in the Chicago, Illinois area.

In view of the certain discrepancies that exist in comparison of informant reports concerning [redacted] and considering the possibility [redacted] may be a resident of Wisconsin, the Chicago Division believes additional information should be obtained before contact is made with the Chicago Police Department. Because of the common name [redacted] extensive review of police department personnel files may be necessary to establish identification if he is so employed.

It is therefore requested that offices whose informants have furnished information concerning [redacted] recontact such informants where possible, to determine all information available, and to resolve the possibility that [redacted] may be a resident of Wisconsin. Chicago, upon receipt of this new information, will conduct additional investigation to establish [redacted]'s full identity.

Referenced Cincinnati memorandum of 4/8/60 also requested Chicago to check indices and other sources to identify (FNU) MANN or MANLY. This individual is P. ALLEN MANN whose identity is noted in referenced report.

[redacted] previously mentioned, advised on 6/28/60 that P. ALLEN MANN is organizer of the "Christian Patriot's Crusade", Hinsdale, Illinois, a one-man organization concerned with publishing anti-Semitic and anti-Negro material.

Referenced Louisville letter to Atlanta requested information regarding MAX NELSON, Chicago, Illinois, telephone TW 4-6272.

[redacted] previously mentioned, advised on 4/4/55 that MAYNARD ORLANDO NELSON, aka, MAX NELSON, founded the Realpolitical Institute in about November, 1954 in Chicago, Illinois. NELSON's purpose was to create a new political party. The organization, [redacted] advised, was anti-Semitic, anti-Communist and favored the white race. NELSON hoped to gain a following for his party on these issues. There were no known members in the Realpolitical Institute other than NELSON, [redacted] said. His main activity has been the printing of material for distribution in the Chicago area.

NELSEN's idea was to get this organization started by holding mass meetings. These meetings have failed to materialize. The only apparent money used to promote this organization is from NELSEN's own funds, and an occasional contribution he may receive.

[] advised in October, 1958, that NELSON was as of that time "Manager and a member of the Administrative Staff of the Realpolitical Institute".

In February, 1953, [] identified NELSON as the former head of the defunct Democratic Nationalist Party. He advised that in October, 1947, NELSEN was arrested for writing threatening letters and, at the time of arrest, plans for a Fascist organization (not further identified) and anti-Semitic and Fascist literature from the Patriotic Research Bureau were found on his person.

According to [] the Patriotic Research Bureau was organized in February, 1938, and it accumulated, compiled and published anti-Semitic and anti-Communist propaganda.

[] stated that in May, 1947, NELSEN, then a University of Minnesota student, admitted he was the Minneapolis leader of the Democratic Nationalist Party. This party was described as a "hate" group which advocated persecution of racial minorities.

Files of G-2, Chicago, Illinois, on 6/30/55, disclosed that NELSEN was a member of the American Committee for the Advancement of Western Culture, an organization reported to have former top Nazis in its international leadership.

[] previously mentioned, on 7/3/53, made available a photostat copy of the "National Renaissance Bulletin", dated April, 1953. This Bulletin contained an article pertaining to the officers and purpose of the American Committee for the Advancement of Western Culture. This article disclosed in part that H. KEITH THOMPSON, Jr., the former registered American agent of General OTTO REIMER's Socialist Reich Party of Western Germany, has announced the formation of the American Committee for the Advancement of Western Culture, of which he is National Director. Many leading Nationalist figures will constitute the Board of Directors and the Advisory Council. The purpose of this

committee will be to serve as a dynamic pressure group to further all political, cultural and racial causes which tend to advance the struggle of Western civilization against the onslaught of Asiatic barbarism. The committee will not be a membership organization, but will serve as a high policy planning group for the coordination for racial, nationalistic activities in America, Europe, Africa and Asia.

[redacted] advised on 11/13/58 that NELSEN was one of two individuals who established M&N Associates, a paper organization in Chicago, Illinois, set up to distribute anti-Semitic and anti-Negro literature.

It is noted that F. ALLEN MANN and MAYNARD ORLANDO NELSEN have been designated by the Chicago Division as potential bombing suspects.

For information of receiving offices, [redacted] [redacted] previously mentioned, has furnished reliable information in the past.

Chicago will await receipt of additional information, if available, concerning [redacted] before making additional efforts to establish full identification.

THE WHITE MAN'S VIEWPOINT

MAYOR DUNCAN SELLS OUT TO SIT-INS

Kimsey Protects Negro Pickets But Arrests White Pickets

RECENT PICKETING AND INTIMIDATION BY NEGRO "SIT-INS" AGAINST BUSINESS MEN IN KNOXVILLE, TENNESSEE, SEEMS TO HAVE THE BACKING OF POLICE CHIEF JOE KIMSEY.

Whenever Negro pickets appear or "sit-ins" invade a White lunch counter, Chief Kimsey sends his men up to see to it that the Negroes are protected and that no one throws them out or protests in any way. (When White pickets came to counter-picket against the Negroes, police ordered them away and let the Negroes continue.) This in spite of the fact that business in the store is halted and the owner loses a great deal of money that day. While 90% of our police force is opposed to race-mixing and sit-ins, Chief Kimsey humiliates them by forcing them to protect Negro invaders who are clearly creating actual disorder and disturbing the peace.

In contrast, on August 29, 1958 Mr. Lee Foster of Knox County was arrested after peacefully picketing the Rivera Theatre for only 15 minutes. Mr. Foster was protesting the showing of race-mixing film, "Kings Go Forth." Why didn't Chief Kimsey send police to protect Mr. Foster? Do only Negroes have rights in Knoxville? During the sensational case against White-man Lee Foster, Chief Kimsey testified that he had been fighting Communism all his life and that for some years he had been assigned as a detective investigating communism in Knoxville. Yet when Lee Foster called Mr. Kimsey to the witness stand and asked him, "Do you know that Communists advocate and promote race-mixing", the Chief answered, "I don't know that they do." Kimsey had stated that "I know what communism is."

The average man in the streets of this city knows that Communists work for Race-Mixing. If Mr. Kimsey does not even know this simple truth, he is unfit to serve as police chief of this city and should here and now resign. He should hand over the job to some Loyal White-man who will protect the interests of White business men and put a stop to Negro sit-ins and all the other lawless attacks being made against Segregation in Knox County.

Lee Foster asked arresting officers Bill Lane and Roy Lovelless, "Was I polite and courteous at all times." They both answered, "Yes Sir, you were." (The prosecutor against Foster for picketing the Rivera, was a politically ambitious mayor

TO: ALL RETAIL MERCHANTS
SUBJECT: LUNCH COUNTER SERVICE

The Executive Committee of the Retail Merchants Division of the Chamber of Commerce voted unanimously to support the action of several merchants with regard to lunch counter service in Knoxville.

After due and deliberate consideration by the affected merchants, they have decided, in the interest of stabilizing business, to open lunch counters to all people.

We urge you, on behalf of the affected merchants, to have a store-wide meeting with your employees this week appraising them of the decision and pointing out that:

1. This practice is begun in the interest of stabilizing business uptown.
2. That if sit-ins continue, business will be affected in ALL stores to the extent that it will necessarily cause reductions in extra and regular employment in stores throughout the downtown area.

I also urge your employees to continue to patronize stores that they in the past patronized, and by so doing, help these participating merchants in eliminating conditions uptown that will affect adversely all merchants and employees.

Sincerely yours,

Conspire Against White People

An all-out attack by the Racemixers has been leveled at Knoxville, Tenn. No other city in the South has been subjected to attacks by both Sit-Ins and School mixing, at the SAME TIME. WHY? It is because the enemies of the South want to make an example of our community to the entire nation, as to how quickly and easily they can destroy the White way of life, handed down to us by our forefathers? Why do they feel that Knoxville is so vulnerable and will cave in so quickly? Is it because our local Mayor, and Police Chief have SOLD OUT to the Racemixers? As soon as the sit-in's attack started, the Mayor formed a "Good Will Committee," and sent them around to "persuade" merchants to give up White lunch counters, and start mixing their customers. It seems that the membership of the Mayor's "Good Will Committee" is a secret, and is being held back from the people of Knoxville. But, many smell the hand of City Councillman, Max Friedman behind this secret pressure group. Friedman is the owner of Friedman's Jewelry Stores (which burn down every once in awhile; yes, they are fully insured). Friedman is the one who was connected with integration of our Golf courses and other Race mixing in Knox County. Friedman sat up front in Federal Court during the Lee Foster suit against Kimsey (for denying him his constitutional rights because he was a white man). The Jew Friedman and Judge Taylor exchanged smiles and glances during the trial. Seems they knew Lee Foster would not be awarded a judgement against Kimsey! Judge Taylor bragged that he and Friedman are good friends and live together in the same neighborhood (which is to be expected). Max Friedman lives at 1028 Cherokee Blvd., his Phone number is 8-2947.

Many are wondering about Mayor Duncan's mysterious trip to New York City just before Kresses, W. T. Gamm, Walgreen and McClellan's 104 stores started race-mixing. IS THIS WHERE MAYOR DUNCAN ARRANGED THE SURRENDER? Our politically ambitious Mayor feels that the Negro vote is the only way to get ahead politically in Tennessee. The White voters are just now awakening to whose side the Mayor is on. His phone number is 5-1287.

Since Duncan's election all White rule is being abdicated -- SIT-INS -- SCHOOL MIXING -- EVERYTHING WE LOVE AND HOLD

U.N. HEARS Grim Details of Atrocities in the Congo

Belgian Envoy Tells His Side; Congolese Accuses Whites

BY MILT FREUDENHEIM
Daily News Foreign Service

UNITED NATIONS, N.Y. — The heart of Africa, impassioned and sorrowful, beat out the emotion-charged story of The Congo here in one of the most dramatic sessions in the history of the U.N. Security Council:

Belgian Foreign Minister Pierre Wigny threw away his prepared speech and instead read the terrible details of rapings, abuses, violations, to explain the sending of Belgian troops to the newly independent Congo.

Thomas Kanza, the 27-year-old U.N. minister from Congo, replied quietly to Wigny's shouts of outrage, asking Belgium to accept a share of blame for the atrocities he admitted and deplored.

U.N. SECRETARY-general Dag Hammarskjöld and other council members gravely listened to details strange to a chamber that usually deals with the affairs of nations rather than the anguish of human beings.

Here are excerpts from the U.N. verbatim record of the historic meeting:

Wigny—"The violation of women—abuse of children, attack on civilians—these are all matters which must touch the heart of human beings."

"Wigny then freed from SOS telegrams reporting rioting, threats of massacre, arbitrary arrests from Congo cities.

"DO YOU believe . . . that these are mere stories?" he asked.

"With the same objectivity, I shall now read to you the first conclusions, in a style which is administrative and correct, of the commission of inquiry which we have just set up under the chairmanship of a magistrate of the supreme court of appeal."

Wigny then read:

"Madame B, the wife of a military officer at Thysville . . . she held her 13-month-old child in her arms. She was attacked. She managed to reach another military official's wife, and another

woman who was pregnant also arrived."

One woman was assaulted; another was pregnant; and the other woman (had) had a miscarriage; and they were taken from their beds under the threat of being shot. The pregnant woman was raped.

"MADAME C was arrested by a dozen soldiers of the public force at her home at Sakebanza on 9 July 1960 and led to Senda. She was kicked all over her body. She was pulled by her hair and dragged to the ground . . . She and another woman received blows. She was raped on three occasions by three different soldiers.

"On 5 July, 1960, at Kisikutu, Madame B. was with her mother and her four children. African soldiers broke in. Four soldiers raped her.

"ON 9 JULY, machine-gunning at the hospital at Lulubourg. Several were wounded. One of them was wounded in the stomach. A doctor tried to save him but was prevented from doing so by firing from African troops. The wounded man died.

"At Thysville, Madame J. saw the wife of an officer raped nine times in the presence of her seven children. Of the 50 women at Camp Hardy, 43 or 44 were raped.

"Madame K. left Leopoldville on 7 July. At about 11 p.m. she met a caravan coming from Inkisi to Thysville. Four women formed part of the convoy.

They were raped by 15 to 17 different Africans. They were

In a regrettable state. She saw jeeps loaded with African soldiers who shot at random into the crowd.

"ON 11 July certain officers and sub-officers were locked up and deprived of their clothes. Their faces were spat upon. They were beaten and ridiculed. The Negro soldiers—I apologize for saying this—inspected . . . the men to determine whether they had had relations with Negro women.

"Various civilians were thrown into jail. Negro soldiers tried to burn the beard of a missionary priest."

WIGNY then cited the case of Madame O, which cannot be reported in a family newspaper.

"Madame P," he continued next, "told how she had a baby only a few months old in her arms, whom the soldiers struck and threatened to kill if she did not allow herself to be violated. She was violated 20 times.

"Madame Q, several days after having given birth, still had an open tear in her abdomen, held with clips. She was raped by several soldiers.

"What do you wish, gentlemen?" asked Wigny, his voice shaking with emotion. "Shall I continue?"

ADDRESSING the Congo delegate, he asked: "Mr. Kanza, do you believe that if we had prepared any plots or any aggressions we would have been capable of being such traitors, so without honor with respect to our women, our daughters, our granddaughters, as to leave them in such a hell?"

Let's Get A White Girl

Here are five boys accused of savagely assaulting an 11-year-old girl, and you wonder if any of them cares.

Four of five youths who have admitted taking part in the rape and slashing of an 11-year-old Girl Scout were described Tuesday as "troublemakers" on probation from Family Court.

CHICAGO DAILY NEWS, Tues., Feb. 23, '58

The parents of Carol Foss, 11, viciously stabbed and mistreated by a gang of youths, offered prayers for her recovery Wednesday.

"The best thing we can do now is to pray for our little Carol," said Ellwood Foss, 40, the father.

One of the 13-year-old boys singled out by Carol earlier had been identified by a companion who said the suspect had urged him in a school playground, on the night of the attack: "Let's get a white girl." The suspect is 6 feet 1 inch tall despite his age.

Nine boys, banded up in a police search for a gang which seized, stripped, and raped an 11-year-old girl near her home on the south side Tuesday night, were questioned yesterday in the state's attorney's sex bureau.

Another, Billie Evans, 15, of 6834 Lafayette av., will be questioned today. When arrested last night at 69th st. and Perry av., he was carrying a "Zip gun," loaded with a .22 caliber bullet, an ice pick, two pocket knives, and a square of broken mirror.

The victim of the attack was reported in fair condition in Englewood hospital, although still not strong enough to view those seized as suspects. The girl said her attackers were Negroes.

Victim Crawl Home She told Sgt. Thomas Mulvey of the sex bureau that the gang dragged her into a basement area, at 6701 Sangamon st., stripped off her Girl Scout uniform, beat and raped her, and slashed her with either a knife or a broken bottle.

She lay helpless in the area-way for half an hour after the attack, weakened from loss of blood, before she was able to

Carol, a blond with blue eyes, is a 6th-grader at Wentworth School, 6900 S. Morgan, where her father said she was a "good" student.

She had attended a meeting of Girl Scout Troop 1650 in the Salem Evangelical & Reformed Church, 6824 S. Emerald, after school Tuesday.

CAROL, 6725 S. Sangamon, a Girl Scout, was set upon by four Negro youths in a stairwell at the rear of 6701 S. Sangamon Tuesday night.

She was stripped of her Scout uniform and mutilated with either a knife or a broken bottle, police said.

About 20 youths were rounded up by police as possible suspects.

Police took fingerprints from a bloodstained automobile found in front of the building in which the girl was attacked. They conjectured that the girl's attackers had wiped their hands on the auto as they went by after leaving the building.

Scientist Reveals That Negro Blood Differs From White

SPECIAL—Although the kept commercial press can be counted on to suppress the story, a medical research scientist conducting a two year investigation for the U.S. Air Force School of Aviation Medicine has recommended that Negro personnel be given special blood tests before being allowed to fly at high altitudes. The scientist, Dr. Wm. Levin of the University of Texas, pointed out that 1,500,000 Negroes (8% of the U.S. Negro population) suffer from an inherited disease or defect of the blood known as the "sickle cell trait." At high altitudes, the doctor disclosed, Negroes with the "sickle cell trait" suffered damage to the spleen, showed blood in the urine and other reactions.

The sickle cell trait, so called because of the sickle shaped configuration of the carrier's red blood corpuscles, is an hereditary racial characteristic of Negroes, and is found in no other race. It can, however, induce blood disorders in members of the white race via blood transfusions, sometimes with fatal results.

The latter fact has become a matter of increasing concern in medical circles since the Red Cross blood banks some years ago abandoned the policy of labeling blood according to the race of the donor. As a result of this criminal procedure—adopted under pressure from numerous "liberal" race mixing groups and agitators—no recipient of a blood transfusion in this country today can be sure he is not receiving contaminated blood which may—and sometimes does—result in severe illness or death.

Apprehension over this situation has already prompted lawmakers in several Southern states to consider legislation designed to protect the white public against contaminated Negro blood by requiring all blood banks to label whole blood according to the race of the

Propagandists Conceal Facts on Race

Free Discussion of Race Question is Prevented

It has become the trend in recent years to minimize the difference between the various racial groups to the point of absurdity. There is, in fact, a pronounced tendency to deny that any such differences exist at all. To bolster this stand, a vast amount of misleading "scientific" data has been put into circulation—all of it carefully calculated to create the belief that "science" has disproved the idea that one race could be inferior or superior to another. Significantly, much of this distorted information is presented in such a way as to discredit and malign those who offer evidence to the contrary.

As a matter of fact, the contention that scientific tests have never shown any race to be inferior or superior to others is nothing but sheer cant. The truth is that every scientific investigation worthy of the name—whether in the field of anthropology or psychology—has proven conclusively that substantial racial differences do exist.

For example, there have been many hundreds of carefully controlled intelligence tests involving a comparison between Anglo-Americans and Negroes. These tests have been conducted under a wide range of circumstances, with due regard being given not only to age and sex, but also to social background, income and other pertinent environmental factors. According to the nature of the tests, they have involved groups ranging all the way from a few dozen to several thousand. It is important to note that in

Not only is the brain of some racial types, such as the Australian Bushman (above left), exceedingly small, but it is also shaped differently from that of the European, since the frontal region is under developed. This may be due to the fact that the braincase of the Australoids (and to some extent the Negroids) close

controlled association and Ebbinghaus tests, Negroes frequently score less than half as good as Anglo-Americans. Negro college students have consistently lower I. Q. ratings when tested by the Stanford Revision of the Binet-Simon scale.

Interestingly enough, the latest Encyclopedia Britannica contains the following rela-

at an early age, thus restricting the brain's growth.

The Hottentots (above right), a Negro people of South Africa, possess the unusual characteristic of "photosynthesis", which is the ability to store food in the buttocks. During a food shortage they live off the stored "food", much as the camel lives off his "hump".

It is difficult to say how much of the difference found is due to native as against cultural factors. Negro high school children in New York city remain in school longer, are older on the average, and are inferior in scholastic work to whites of approximately the same social status (Mayo). The greater the admixture of white blood, the closer does the

city. Several investigations have shown the Negro to be more overtly emotional and less inhibited in his reactions than the white (Crane)."

The above observations, it should be noted, apply only to American Negroes, who (although mentally inferior to white Americans) are nevertheless much superior to a wide variety of other racial types. Some of these more inferior racial types, such as the Igorot, the Negritos, and Pygmies are incapable of abstract reasoning. One racial family, the Australoids, possess markedly undersized brain cases, their cranial capacity being only about two-thirds that of the average Englishman. Furthermore, the frontal brain regions of the Australoids are underdeveloped—an inherited characteristic which drastically restricts their mental development and capacity for learning. . . . And these, it should be remembered, are but a few of the many features which distinguish the various races.

Far from being equal, the races of mankind are amazingly diverse in size, structure, and particularly in mental capacity. They range all the way from the almost sub-human Australoids to the highly intelligent Caucasoids—as represented by the northern European—and there is almost no limit to the variations between these two extremes.

It is not true, therefore, that "science" has never proven one race to be intellectually superior to others. The contrary is true. It is a fact, however, that the basic truths concerning race have been shamefully suppressed or distorted in this country out of deference to our minority racial groups. In our midst, scientific investiga-

FAUBUS BOYCOTTS DEMO CONVENTION

Demos and GOP Push Bill To Bar States Righters From Equal TV Time

The U. S. Senate has passed a bill to "suspend" the equal time provision of the F.C.C. Act, so that the Demos and Repubs with their socialistic race mixing platform will have a monopoly of television time. Since the old Socialist party is not running a candidate this year, it seem that the entire bill is aimed at keeping representatives of the National States Rights Party from gaining television time. Congress has the power to make and repeal laws; congress DOES NOT HAVE THE POWER TO "SUSPEND" LAWS for a single election to bar one specific party, as said bill proposes to do. Also, it is unconstitutional to make such a "suspension" of the F.C.C. equal time law as it deprives the National States Rights Party of equal time protection under the laws as provided by the U. S. Constitution. Both Kennedy and Nixon have agreed to the bill barring the National States Rights Party from television. Associated Press stated that Nixon's press secretary the Jew Herbert Klein, announced that Nixon is in favor of this bill and sought free T.V. for him- and Kennedy. The passage of the bill barring our party from television was recommended by N.B.C. TV President Robert Sarnoff (Jew), C.B.S. TV News President Sig Mckelison (Jew) and A.B.C. TV President Leonard Goldenson (Jew). Is it strange that all of those people are in complete agreement in barring States Righters from TV? It is strange that the world's largest Gentile owned radio network (Mutual) is barred from having a TV outlet. The National States Rights Party is prepared to fight such arbitrary actions on the part of Congress.

KIMSEY PROTECTS NEGROES (Continued from Page 1)

TURBING THE PEACE AND INCITING TO RIOT. (These charges were later thrown out and Mr. Foster sued Kimsey in Federal Court.) Why is it that Negro pickets are given protection by chief Kimsey, and Whitemen like Lee Foster are arrested? The Knoxville newspapers printed headlines about Mr. Foster's arrest. But, when the charges were thrown out of court, you couldn't find anything about it in the so-called "Free" Press. The "FOSTER JAILED" headlines were intended to scare the average Whiteman in the street so that he wouldn't attempt to fight against Race-mixing. The outrageous persecution of Mr. Foster was to make way for the sit-ins and school mixing. Joseph Levitt, Jewish editor of the Northern scripps Howard owned News-Sentinel has been using his sheet for months

RALLY FOR FAUBUS — Waving banners and shouting "South Walk Out" about 500 Californians paraded in downtown Los Angeles Sunday in support of Gov. Orval Faubus of Arkansas. A portion of the crowd is shown above. They carried a huge photograph of the Arkan-

sas governor between two American flags. The right-black-long parade ended at Democratic convention headquarters. Faubus himself was not present. He was back home campaigning for reelection as governor.

body, White businessmen, shoppers, voters, and even our sweet innocent little first graders, who are too small to defend themselves against the mighty race-mixers, Kimsey, Duncan and Max Friedman. WE, THE WHITE VOTERS STILL WILL HAVE THE LAST WORD. WE WILL END THE NE-FARIOUS CAREERS OF THESE RACE-MIXING SELL OUTS!

Governor Orval E. Faubus refused to be a part of the race mixing Democratic convention in Los Angeles. He remained in Arkansas where he toured the state speaking for States Rights and Segregation. Gov. Faubus was overwhelmingly re-nominated to an unprecedented fourth term as Governor of Arkansas. After Kennedy was nominated, he wired Gov. Faubus urging him to come to Los Angeles and sit on the platform while he, Kennedy, made his acceptance speech. Faubus again refused to have anything to do with the outrage perpetrated against all White Americans by the writes of the so-called civil rights platform of the Democratic party. That platform calls for the complete destruction of White America. It calls for the complete racial integration of all phases of American life. It even advocates that all requirements for voter registration be abolished, thus allowing the "liberal" race mixers to vote illiterates who can't even read or write their own names.

Did The Above Picture Appear In Your Newspaper?

IF YOU WATCHED THE disgusting conventions on television or read your newspapers at that time, you would have thought that the only demonstrations going on at the Democratic convention were for Adlai Stevenson and other out-and-out red race mixers. The facts are that hundreds of States Rights people were marching for Gov. Faubus for President. That important news was suppressed from your newspaper. Perhaps, it was because the wire services -- both A. P. and U. P. I. -- are controlled by the same minority which controls your television networks and the motion picture studios. It is no wonder that our people are so badly brainwashed with communism and race mixing.

Race Mixing Pressure Exposed

THE ABOVE LETTER from W. B. Neill, Chairman of the Retail Merchants Division of the Knoxville Chamber of Commerce, is ordering merchants to compel their employees to buy from stores which racially mix their lunch counters. HE ACTUALLY INSINUATES THAT THEY WILL LOSE THEIR JOBS IF THEY REFUSE TO BUY FROM RACE MIXING BUSINESS PLACES. This is an unfair and un-American attempt to threaten the very jobs of White people. It is a degrading, degenerate, low, vile effort to coerce them into purchasing goods only in stores which mix the races. We of the National States Rights Party say to you: BUY ONLY FROM STORES WHICH HAVE LUNCH COUNTERS FOR WHITES ONLY. Stop the race mixers! Join the National States Rights Party, P. O. White Governors Boycott Johnson

Senator Lyndon Johnson, a traitor to the White South, opened his campaign for Vice President with a talk in Nashville, Tennessee. It is very interesting to note the names of those governors who attended the Lillington of Tennessee, Almond of Virginia, Collins of Fla., Combs of Kentucky, Patterson of Alabama and Hodges of North Carolina. Everyone of the above governors has SOLD OUT his state to the race mixers. The Segregationist governors - Vandiver of Georgia, Hollings of South Carolina, Barnett of Mississippi, Bryant (the next governor) of Florida, Davis of Louisiana and Faubus of Arkansas refused to lend their names to the Johnson Integrationist ticket.

That brings up the question of John Patterson of Alabama. Many Segregationists are trying to figure out just where he stands. He says he is an all-out Segregationist. We hope so. Why the extreme Kennedy - worshipping attitude of Patterson? No one in Alabama can answer this question, but we are watching closely. We are certain that Kennedy will not get Alabama's eleven electoral votes and neither will Nixon. States Righters form a majority in Alabama.

In the meantime, independent electors all over the South are receiving letters urging them to vote along with electors pledged to Governor Faubus. That could deny victory to either Kennedy or Nixon and throw the election into the U. S. House of Representatives where each state would have only one vote. The White South would then have the balance of power.

PROGRESS REPORT:

Welcome To The New Thunderbolt

The National States Rights Party is the fastest growing 'third' political Party in America. Actually, we are America's SECOND party, because the Democratic and Republican parties are one identical, leftist movement. Even Socialist Leader Norman Thomas cannot find any difference between them. Yes, the Demo-publican party is America's Red, race-mixing Socialist Party. Is that your political Party? We think not! The National States Rights Party is your party. It is America's only Whiteman's Party placing a Racial ticket on the U. S. ballot in 1960.

Do you favor the N.-S. R. P.? Or, the Demo-publicans who are trying to "out-nigger" each other? How much lower can these lying, turn-coat traitors get? The National States Rights Party is actually America's last chance to get back on the right track. Just what are you doing to help? Here we are...half-way through the political campaign, with just 3 months to go. Have you sent in a donation yet? Have you signed a pledge card? We are presenting you with a NEW Thunderbolt.... a larger, tabloid size....new masthead, etc. We now have a real newspaper, having outgrown the newsletter stage. WE ARE GOING PLACES. May we count on you standing with us? Will you climb on OUR bandwagon? Let us hear from you this month.

We are growing because our loyal, old faithful standby supporters are giving everything they can. Will you help ease the burden on those who are giving so much? Will you help us double the circulation of this paper? Let's get a move on...the sands of time are running out for America. It's NOW OR NEVER! In other words friends, this is it, if the N.S.R.P. does not succeed, do you know of any other organization which actually has a chance of being elected to power, and save America and the White Race for the destiny which can be ours? If you have ever given before, or helped in any patriotic cause, HELP THIS ONE, AND HELP NOW! DON'T WAIT UNTIL AFTER NOVEMBER 4th, WE WON'T NEED IT THEN. IT'S NOW FRIENDS, NOW OR NEVER.

The recent tremendous 4 to 1 vote in Dallas, Texas referendum against school mixing is a great showing of how the Whiteman feels about mixing. The Whites voted 12 to 1 against mixing, while the Negroes voted 20 to 1 for it. All we need do to win is ORGANIZE.

Please check the form below and return today, we are waiting to hear from you and know just where you stand in this crucial election.

P. S. More copies of this issue of THE THUNDERBOLT have been printed than all the issues we published in the 12 months of 1959 PUT TOGETHER. So, in this single month, we will go over the circulation of the entire year of 1959. THAT'S THE KIND OF GROWTH WE ARE MAKING. If this is your first issue, or if you took The Thunderbolt in the past, won't you take this opportunity of subscribing to this fighting Whiteman's paper. We cannot continue to send out this many free copies, of course, but we want to give you the opportunity to see for yourself just what we are doing. If you like the new Thunderbolt, please let us hear from you. That is the only way we can keep sending it to you. Please back us up and we will do the front-line fighting. May we receive a letter from you today, fellow Whiteman. We do not want you to miss a single future issue, and we feel that this is the paper you want to read - a publication with guts...that's out to win.

DETAILS: AT CHATTANOOGA, TENNESSEE:

The Chattanooga News-Free Press, Chattanooga, Tennessee, a daily publication, in the city edition of 11/26/60, page five, column three, carried the following news story:

" 'Rights Unit Meets Here

" Segregation Goal,
Dr. Fields Says

"A group identifying itself as the National States Rights Party (NSRP) opened a two-day conference today in a clubhouse at 2523 Glass St.

KX 105-202

"The opening session, closed to the press, was held in an upstairs room, the entrance to which was marked 'Welcome Klansmen.'

"Dr. Edward R. Fields, editor of the Thunderbolt described as 'the official white racial organ of the National States Rights Party', told a reporter that some 35 persons from several states were in attendance at the opening session, held for the election of new officers and for 'the discussion of plans for future strategy and expansion'.

"A reporter entering the clubhouse was met by a man who asked, 'Are you one of us?' Asking to see Dr. Fields, the newsman was asked to remain downstairs in what appeared to be a clubroom while Dr. Fields was summoned from the meeting upstairs.

Important Plans

"Dr. Fields said he expected 'important plans' to be made at the two-day meet. He said he expected some 55 leaders from several states to show up for the meeting before it ended Sunday at about noon.

" 'We are here to make plans for our fight,' Dr. Fields, who is only 28, told a reporter.

"He was asked what the group was fighting for.

" 'Segregation', Dr. Fields answered.

"This group has been called 'extremists' by other states rights and constitutional organizations.

"Dr. Fields, a Birmingham chiropractor, said the local host for the conference was [redacted] a resident of East Chattanooga. He said the clubhouse 'is the property of Mr. [redacted]':

"He said new officers of the group, elected during the initial session this morning, were Nat Dupes of Knoxville, national chairman; Mrs. [redacted] of Little Rock, Ark., national vice chairman; [redacted] Killarney, Fla., national assistant chairman; Bernice Settles, Knoxville,

secretary; Roy Frankhouser, Reading, Pa., national organizer; Matt Koehl, Milwaukee, Wis., security officer, and Dr. Fields, information officer.

"Dr. Fields said all the officers were present for the meeting except Mr. [REDACTED]. He said he had been contacted earlier and he had agreed to accept the post.

b6
b7C

"Dr. Fields said the group was 'working quietly' and preferred not to have publicity in publications other than its own organ. The News-Free Press reporter was not invited to the meeting, but went to report on the convention in response to a 'tip' outside the organization.

"Dr. Fields and two officials later agreed to pose for a news photo.

"Entering the clubhouse, whose front door was plastered with "Faubus-for-President" stickers, a reporter was stopped by an elderly man who wanted to know the visitor's identification and purpose in coming.

"This man later was identified as [REDACTED] of New York City, who boasted of having founded the American Association for the Advancement of Atheism. Dr. Fields said Mr. Smith was not part of his group."

A photograph accompanied this article showing three individuals identified as NED DUPES of Knoxville, national chairman; Mrs. [REDACTED] of Little Rock, Arkansas, national vice chairman; and Dr. EDWARD R. FIELDS, information director.

[] did not know any of the people at the 11-26 and 27-60 NSRP meeting prior to going to the meeting.

Most of the out of town delegates stayed at the Hotel Patten in Chattanooga.

[] said he was shocked by the vicious and apparently demented hatred of the FBI manifested and pronounced by many of the attendees at the meeting. He stated for example, that J. B. STONER openly accused J. EDGAR HOOVER of being a "homosexual pervert." STONER, he said, did not elaborate in this regard.

b6
b7C
b7D

[] added that much of the meeting was devoted to various members cussing the FBI and going into great detail concerning their being interviewed and surveilled by the FBI.

NED DUPES, J. B. STONER and Dr. EDWARD FIELDS and [] he said, were particularly vociferous in this regard.

FIELDS, he said, complained that the FBI had for months followed him and his wife. FIELDS bragged that he had conducted counter-surveillances on the FBI; that he once tried to run one of their cars off the road and succeeded in doing so. He bragged that he once phoned one of the FBI Agents in Charge and told him that he, FIELDS, was carrying a brickbat and if the Agents did not quit following him he would throw it through their auto windshield.

He described SEARS as being a non-violent, soft spoken and extremely taciturn individual, who gave no indication as to any of his NSRP activities in Florida or his purpose in being in Chattanooga.

[] said no one gave any indication as to who may have perpetrated the recent series of bombings in Chattanooga, or any of the other unsolved bombings throughout the country.

Memphis, Tennessee
November 28, 1960

A conference and election of officers of the National States Rights Party (NSRP), whose National Headquarters is now at P. O. Box 783, Birmingham, Alabama, was held on November 26 and 27, 1960. It was held on the second floor of a lodge hall located at 2523 Glass Street, Chattanooga, Tennessee. The entrance to this hall stated that the building was also the headquarters of the Dixie Ku Klux Klan. The person who allegedly made the hall available was Jack W. Brown, a middle-age, white male, who on November 26 and 27, 1960, said he was the top ranking officer of the Dixie Klans.

At least one NSRP member was invited to attend this meeting by a mimeographed letter on NSRP stationery mailed from Birmingham, Alabama, bearing the return address of the NSRP as P. O. Box 783, Birmingham, Alabama.

This communication stated the meeting would be held at the above described Chattanooga address, whose phone number was OX 8-7791. It listed the following agenda:

The invitation added that Dr. Edward Fields, NSRP Information Director, and the staff would stay at the Hotel Patten and would arrive the evening of November 25, 1960. It stated that officers would be elected for four-year terms. It listed scheduled speakers as: The Host, [redacted] Honorable EMORY BURKE (Keynote); Dr. E. R. FIELDS, Attorney J. B. STONER, NED DUPES, National Secretary-Treasurer; ARTHUR COLE, National Chairman, Mrs. [redacted] and others.

Some of the delegates were late in arriving.

b6

During the morning of November 26, 1960, the National Officers for the next four years had been elected. They were announced as being NED DUPES, Knoxville, Tennessee, National Chairman; Mrs. [redacted] of Little Rock, Arkansas as National Vice Chairman; [redacted] of Killarney, Florida, National Assistant Chairman; [redacted] of Knoxville, National Secretary; ROY FRANKHOUSER of Reading, Pennsylvania, National Organizer; MATT KOEHL of Milwaukee, Wisconsin, Security Officer, and Dr. EDWARD R. FIELDS, a Birmingham, Alabama chiropractor, as Information Officer.

There were about thirty people, including six or seven women, at the afternoon session on November 26, 1960.

Among those identified as being present were Dr. EDWARD FIELDS, Birmingham, Alabama; Attorney J. B. STONER of Atlanta, Georgia; NED DUPES, Knoxville, Tennessee; [redacted] Chattanooga, Tennessee (who identified himself as the national head of the Dixie Klans); [redacted] brothers from Atlanta; (FNU) [redacted] a white male from Pine Bluff, Arkansas; Mrs. [redacted] of Little Rock; [redacted] of Chattanooga, brother of [redacted] unknown individual [redacted]

He said he and his companion had been followed by the FBI on several occasions); ROY FRANKHOUSER of Reading, Pennsylvania; MATT KOEHL of Milwaukee, Wisconsin; [redacted] General Chairman [redacted] Jacksonville, Florida, Jacksonville [redacted] Phone [redacted]

During the meeting Dr. FIELDS bragged that most of the NSRP members were open but that some, due to their positions,

had to be secret members. He said one such member was a Postmaster, who, he inferred, was from Georgia. He also mentioned a Police Sergeant from Tennessee who recently was fired when, he claimed, his superiors learned of his NSRP membership. FIELDS said that for security reasons he could not reveal their names.

During the meeting [] did a lot of vague and disjointed talking. [] said that he would, if necessary, use guns to defend racial segregation and states rights. He did not get specific in this regard and could have merely been "talking to hear himself talk." [] told those present that he and his brother had been tried and acquitted in Atlanta, being charged with dynamiting a Jewish Synagogue. He termed this as political persecution. He denied involvement in this dynamiting.

b6
b7C

On Sunday, November 27, 1960, just before the meeting ended, a man by the name of [] from Pine Bluff, Arkansas made a lot of wild violent statements to the effect that he would fight and kill, if necessary, to defend and preserve racial segregation. FIELDS immediately silenced [] telling the delegates that such violent and irresponsible statements could hurt the NSRP movement. Based on statements made by [] it was apparent that he was well acquainted with and has worked with Mrs. [] of Little Rock. In fact, Mrs. BISHOP said she knew [] She said he should not talk about violence.

[] in discussing his trial in Atlanta, said the chief witness against him was an FBI "stool pigeon" who had been paid \$125,000 by the FBI to testify against him. [] said this man ran a Negro employment agency; that he had since disappeared from Atlanta and [] said he wondered if he was not actually the one who had bombed the Atlanta synagogue.

b6
b7C

J. B. STONER talked a lot, mainly he gave voluminous statistics derogatory to the Negro race as a basis for his contention that there must be no racial integration in the South.

[] said little. His brother [] gave a deliberate and lengthy analysis of the U. S. Constitution, claiming that the Constitution did not provide for racial integration. He claimed that the U. S. Supreme Court had perverted the Constitution in its decisions ordering racial desegregation of public facilities.

During the meeting both [] openly bragged that they are ardent Ku Klux Klan members.

b6
b7C

STONER talked at length, attempting to blame this

country's plight on the Negroes, Jews and Communists. His major hate seemed to be the Jews. He talked at length about the numerous United States citizens who have been arrested and convicted for commission of espionage against the United States on behalf of Russia. He said that with two exceptions all of these had been Jews. He said the other two were Anglo-Saxons.

STONER emphasized that the problem of racial desegregation was not the paramount problem facing the United States and the South. He claimed that the Jews, who are promoting said racial desegregation, are the No. 1 problem. He claimed the Jews are doing this to demoralize the gentiles and thus use this demoralization as a stepping stone for their move to complete control of the United States.

Admiral JOHN CROMMELIN of Wetumpka, Alabama was not present. EMORY BURKE of Atlanta was not present. Either FIELDS or STONER told the audience that he had been detained in Georgia in connection with the probating of the will of a deceased general.

A white male, exact description not recalled, was present the first day. He was from the New York City vicinity and was an avowed atheist. He evidently had made some sort of eccentric talk at the morning meeting on November 26, 1960, based on comments made by FIELDS and others present; that the NSRP was about ready to expel this alleged atheist and he allegedly left the meeting in a fit of anger. The details of this are not known but FIELDS said the atheist was trying to confuse issues.

Dr. FIELDS appeared to dominate the meeting. He spent much time promoting and extolling the alleged virtues of the official NSRP organ "The Thunderbolt."

STONER, on November 26, 1960, spent much time attacking the FBI. He claimed that ever since the Atlanta Jewish Temple bombing the FBI had harrassed him and followed him; that the FBI had questioned him about the Little Rock, Arkansas bombing cases. He said that the FBI had arrested [redacted] of West Memphis, Arkansas, and [redacted] of Bassett, Arkansas, charging them with an attempt to bomb a Negro college in Little Rock on July 12, 1960. He laughed at the fact that [redacted] had even been caught by the FBI in the act of lighting the candle which was to have lit the fuse which would have detonated the dynamite. Despite this the Federal Government, he said, had to turn all of them loose. Everyone present laughed at this.

b6
b7C

STONER, FIELDS and NED DUPES wanted to know if the Memphis representative at the meeting knew [redacted] of

Memphis who served as an NSRP elector candidate in the November 8, 1960 presidential election, and whether the representatives knew [redacted] of West Memphis, Arkansas.

DUPES and FIELDS were disappointed to hear that no NSRP meetings were being held in West Tennessee. They urged that active meetings be started and FIELDS said that on his return to Birmingham he would send the Memphis delegate a list of NSRP members in the Memphis area, in order that they might be contacted and an active chapter be formed. They did not elaborate and say how well they knew [redacted]

b6
b7C

A good portion of the November 27, 1960 session, which did not start until around 11:00 AM, was devoted to future possible NSRP activity.

Some of those present called for more organized activity in contrast to the heretofore "paper type" nature of the NSRP.

The officers led by FIELDS outlined a vague plan of future activity. FIELDS proposed that in the future members of local chapters wear grey colored shirts to meetings. He elaborated that he would have patch type NSRP emblems made which could be sewed to the left chest side of the shirts. He suggested that by the same token the female members wear grey colored blouses with the same type patch emblem in the form of a thunderbolt sewed on the left chest side.

FIELDS also said he would order some lapel type pins made in the form of a thunderbolt which could be worn on a tie or pinned to a shirt. He said these would cost \$2.00 each. the Memphis delegate second these moves and they carried.

FIELDS also moved, and it carried, a plan to have city NSRP chapters hold weekly meetings and to hold bi-weekly meetings in the rural areas.

FIELDS emphasized that the NSRP cannot effectively work through large units. Instead, he said, the units must be small and flexible and ideally should not exceed four or five members per unit. He added that the NSRP will issue charters for any group having three or more members.

FIELDS added that all chapters or units will ultimately be required to have an official NSRP flag which can later be ordered directly from FIELDS at Birmingham, Alabama.

FIELDS indicated that future issues of "The Thunderbolt" will devote more time to local chapters and will promote the use

of classified ads which will cost fifty cents per line.

FIELDS bemoaned the recent marriage of Negro movie and TV entertainer SAMMY DAVIS, JR. and Swedish actress MAE BRITT. He said that both of them claimed to be converted to Judaism. He said this was preposterous inasmuch as you could not be a legitimate Jew unless your father or mother was Jewish.

FIELDS then elaborated on the grey shirt angle. He said his ambition was for the NSRP members to ultimately have complete uniforms, including pants, belts and caps. He said that the NSRP would have to gradually work into the uniform angle lest some members become scared, possibly remembering the old German-American Bund of pre-World War II days.

ROY FRANKHOUSER of Reading, Pennsylvania, a young man with a mustache, black hair and dark complexion, called this uniform idea a form of neo-Nazism. He said he strongly advocated the white supremacy theory of the NSRP but was opposed to any neo-Nazi movement. FRANKHOUSER appeared to be intelligent. He was quiet and talked little. He seemed to be a close friend of MATT KOEHL of Milwaukee, Wisconsin.

FRANKHOUSER predicted that race riots would ultimately occur in the Northern cities and the Northern white population will then realize the Southern white's problem and will support the white Southerner in his battle to preserve racial segregation in public facilities.

MATT KOEHL, a young man having reddish hair and being of stocky short build, and who was elected as National Security Officer, talked a lot in vague generalities. He said that actually the average Northerner was not prejudiced against the white Southerners' views once they realized the menace of racial integration.

STONER and FIELDS both criticized the United States for having entered World War II. They claimed that had the United States not done so Germany would have done the world a tremendous service by killing off all the Jews in Europe.

Then STONER cussed the Jews, citing the fact that the convicted espionage agents JULIUS and ETHEL ROSENBERG had been Jews; that JUDITH COPLON, who was tried for espionage and whose case was dismissed, was a Jew. He criticized the U. S. Justice Department and the FBI for the handling of the COPLON case, claiming that her telephone had been tapped in order that it could be disclosed at her trial, thereby introducing grounds for dismissal of charges against her.

STONER went to great lengths to tell all of those present that they should never tell anything to the FBI, under any circumstances. He said the FBI will ask seemingly meaningless questions and lull the interviewee into a sense of false security and would then lead the interviewee up to pertinent questions and then trap the interviewee into making damaging admissions. He said that if any NSRP member is ever approached by the FBI for an interview, that said interviewee or member should refuse to be interviewed and refer the FBI to STONER, an attorney.

STONER gave as an example the recent series of bombings in Chattanooga. He said the FBI questioned one man about a Ku Klux Klan meeting and when the man answered one or two seemingly innocuous questions, he was soon induced to name everyone at the particular meeting. STONER did not elaborate and gave no indication that he knew who had performed any of the bombings or attempted bombings.

JOHN KASPER and [redacted] were not knowingly mentioned at the meeting and were not knowingly there.

b6
b7C

FIELDS announced that the next national meeting of the NSRP would probably be held on Labor Day week-end 1961 at a place to be announced later.

The next election of national officers will be held four years hence.

The man from Pine Bluff, Arkansas predicted the United States would have a Communist dictatorship within four years. FIELDS took exception to this but did predict that creeping Socialism would further curb the individual freedom of the United States citizens. He denied that there would be any insurrection.

FIELDS mentioned the current racial desegregation crisis in the New Orleans, Louisiana public schools. He bragged that the NSRP is passing out pro-segregation literature there and called on all NSRP members to give their moral and financial support to those Louisiana segregationists.

JACK BROWN got up and said that thirty years ago a Federal Judge issuing such pro-integration rulings as those recently issued by U. S. District Judge SKELLY WRIGHT of New Orleans would be hanged on the spot. [redacted] then turned to his brother, [redacted] to confirm this. [redacted] sat mute and non-committal.

b6
b7C

FIELDS was accompanied by a young white woman, a brunette,

about 5' 7" tall, weighing about 123 pounds, neatly dressed but very dissipated looking.

NED DUPES remarked that a year or so ago an old man in Memphis, name not recalled, had sold a number of NSRP memberships and had allegedly pocketed most of the money and had apparently not turned in much of the money. He said most NSRP members are members at large and do not participate in the affairs of the NSRP. FIELDS, too, could not remember the old man's name.

Nearly all present deplored the fact that heretofore the NSRP has primarily been a paper type and propaganda type organization and not an action organization.

At the meeting [redacted] and his associates did not openly discuss their Ku Klux Klan movement and did not try to sell any memberships. They did not identify any members in any other localities. [redacted] appeared to be on intimate terms with DUPES, FIELDS and STONER.

Someone, believed to be FIELDS, proposed that the NSRP make or utilize movies which would promote their cause. It was also proposed that they make tape recordings of speeches favorable to their cause and send them from locality to locality in order that they might be heard by diverse members.

Mrs. [redacted] proposed to get a tape recorder small enough to fit in her purse. She did not elaborate on its intended use.

Mrs. [redacted]
[redacted] She was
accompanied at the meeting by a nondescript elderly woman.

At the November 26 and 27, 1960 meeting, [redacted] distributed copies of the November 15, 1960 issue of "Common Sense," Union, N. J. paper; copies of "Truth Seeker," November, 1960 issue, published 38 Park Row, New York 8, N. Y. Also copies of "The Cross and the Flag," October, 1960 issue, official organ of the Christian National Crusade, Los Angeles, California, were on a table free for the taking. Also available were two throw-aways of Christian Patriots Crusade, P.O. Box 147, Hinsdale, Illinois, one entitled "Beware of the Jews," the other entitled "Save the White Race - the Hell Inspired Jews Seek to Destroy the White Race."

It was estimated that about thirty people were present at the November 26, 1960 session, and that about twenty were present at the November 27, 1960 session.

The source stated that at the above NSRP Conference, [redacted] from Arkansas made a speech and urged the use of violence but was contradicted by J. B. STONER who controlled the meeting.

STONER made a speech which was violently anti-Semitic and anti-FBI and referred to the Director of the FBI in highly vicious terms. STONER also stated that he feared the FBI had a "pipeline" into the NSRP.

Source further advised that approximately 30 NSRP members attended the conference and included representatives from Louisiana, Alabama, Georgia, Tennessee, Mississippi, Missouri, Pennsylvania, Arkansas, Florida and Kentucky.

Source further advised that CHARLES SMITH, atheist leader from NYC, was in attendance at this conference.

On 9/17/58, [redacted] advised that "The Truth Seeker" was an atheistic organization which publishes "The Truth Seeker", an anti-Semitic and anti-Negro publication and that CHARLES SMITH, the editor of "The Truth Seeker" was a notorious anti-Semite..

The meeting-place was an old two story brick building. The outside of the building looked like an old theatre. The front door was kept locked, and entrance was gained only by rapping on the door and being identified either by an officer of the N.S.R.P. or by giving secret signs of membership in the Ku Klux Klan. Downstairs, once admitted through the locked door, you see eight or ten men gathered around card tables and billiard tables. At the rear of the recreation room stairs lead up to the second floor meeting-hall. Over the door a sign reads "A Klansman is never taller than when he kneeling to pray."

Upstairs, the meeting-hall itself was decorated with flags and symbols. To the rear of the speaker's dias a 5'x5' flag dominated the scene:

To the left of the "Thunderbolt" flag stood a Confederate flag, to the right an American flag. A small "thunderbolt" symbol about 12" square was nailed to the dias:

The meetings were divided into three sessions. The first session started at 10:00 AM.

Saturday, November 26. This session was devoted to the election of officers. The second session was from 7:00 to 10:00 pm, and was open to the public. The third session was a "work shop" for workers in the Party, beginning at 10:00 AM Sunday, November 27, 1960 to about 1:00 pm that day. Actually all meetings were attended by essentially the same people. About 28 people at the first session, 36 at the evening meeting, and 23 at the third session on Sunday morning.

The First Session

The meeting began at 10:00 AM, closed at 2:00 pm. Dr. Edward Fields presided. The following officers were elected:

Ned Dupes of Knoxville, Tennessee
elected National Chairman.

Mrs. [redacted] of Little Rock
Arkansas elected National Vice-Chairman.

[redacted] elected assistant chairman.

[redacted] was absent, but gave permission to be nominated.

of Knoxville was elected
secretary for the new term.

Roy Frankhouser of Reading, Pennsylvania
is National organizer.

Matt Kohl, Milwaukee, Wisconsin and
Chicago, Illinois, elected "security officer"
Dr. Fields, Birmingham, Alabama, is the
information officer, and editor of the N.S.R.P.
official organ "The Thunderbolt."

J. B. Stoner is "attorney for the N.S.R.P."
Mr. Stoner is from Atlanta, Georgia.

After the election, Dr. Fields discussed
"the Thunderbolt" and other "patriotic" publications.
He said the "Republic" (not the new Republic) is
going out of business because the millionaire
supporter of the publications died. He said "the
Thunderbolt" has no such supporters. He said
"our members are all poor," and "we do not even
have any middle-class people. These middle
class

class people" Fields added, "are only interested in the allmighty dollar - like the Jews. They may be white people - but they have sold their souls to the dollar. All they want is a little rack-type bungalow in the suburbs, and if integration comes they'll send their children to private schools."

About the absence of Emory Burke from Atlanta, Fields said that the will of Gen. _____? was being probated and that Burke wanted to secure some of the historically valuable papers and other things for himself. Fields said that none of the General's heirs were interested in these things.

The evening meeting began at 7:00 with a speech from [redacted] brother [redacted] was described as the "Host" of the conference and [redacted] was to be the speaker but he deferred to [redacted] incidentally, was said to be the "E.C." of the

b6

Klan group which meets in the meeting place used by the N. S. R. P. Conference. [redacted] speech was a plea to "return to the Constitution." He urged his audience to read the constitution and teach the articles to their children.

b6
b7C
b7D
"

After Brown's speech, George Bright of Atlanta, was introduced to speak. Bright was identified as the "martyr" of the Atlanta Temple bombings. Fills told the group "They wanted to sacrifice this innocent boy on a Jewish altar." More than once Fills ^{over}

Bright's speech was a simple plea to back up the N. S. R. P. and its officers.

J. B. Stoner of Atlanta spoke next, in an extremely emotional tone denouncing the F. B. I., the Jews, and the Communists. He said the negroes are simply "pawns" in the struggle "like the Congo and Cuba." Repeatedly he called Mr. J. Edgar Hoover a "mongrel and a fairy" and said the Director

said that a man named did this
in connection with the Bright Trust ^{bombing}
Fields and Storer accused the S.Bd. men of
perjuring themselves to get a conviction.

b6
b7c

is not interested in our national ~~seal~~ security. He blasted Gerald L. K. Smith as an "idiot" who wants to cannonize Hoover." At one point Stoner said "I used to call the F.B.I. men 'dogs' - but now I call them 'rats' - and I must apologise to the rats."

Fields spoke next. In his speech Fields blasted the Federal District Judge in New Orleans. "He's a tool of the Jews" he said several times. He told the group "This Judge holds himself up over the people of New Orleans - who did not elect him. He holds himself over the county - and ~~over~~ over the state too, and they did not elect him. Who elected him? A little clique in Washington on directions from Moscow!"

Fields emphasised that the NSRP is a racial group. "We are not interested in water fluoridation or in a tax cut. We can take care of these things later," Fields said, then

added, "Make no mistake - this organization is anti-Jew. We are Anti-Jew because the Jews are anti-American. They are our real enemies." Fields advised the group that all Jews are Zionists. He said that they have no religion really, and that their bond is a national-race. Jews have a nation within our nation, and the only people allowed in their nation is those belonging to their race. He said that the Sammy Davis episode was a publicity stunt. A negro can not belong to the B'nai B'rith or any social group of Jews. They want to integrate our race - not theirs, he shouted. We must fight to protect our white race!

At the close of the meeting some of the officers went to a tavern near the Patten Hotel where they were lodged. The Tavern, "The Rathskeller" is a German-type beer hall. In the group were: J. B. Stoner, Ed Fields,

Frankhouser, George Bright, [redacted]
[redacted], and a young man (19 or 20 yrs old) from
Wethers Barre, Pennsylvania (a close friend of Frankhouser).
In the course of the evening Fields revealed to
Stoner his reason for employing the term
"anti-Jew." "Those people are ignorant" he said,
"you have to be plain. I don't want to say such
words as ^{anti-}semitism - I want them to know
our enemy is the Jews."

Roy Frankhouser made many parallels
between the NSRP and the rise of the
National Socialist Party in Germany. "They
had some of the same problems we have."

J. B. Stoner wanted to know of
Stoner about the situation in Jacksonville.
He praised Warren Folks, and hoped he was
successful in his barber shop picketing.
Stoner asked about the "Willing Workers" group
in Jacksonville, and said he (Stoner) had addressed
the Willing Workers at their second meeting.

Toward the end of the evening Frankhouser proposed a toast to "Adolf Eichmann" half laughing about it. J. B. Stoner proposed a toast to "Adolf Hitler."

Prior to the Sunday morning meeting [redacted] (sp?) of South Carolina revealed a private conversation that he travels all about the South in his old car (a '50 Ford) promoting segregation. He said "we need an underground army." He looks forward to a revolution, and says he "wouldn't mind dying for the cause." He said he "had been in Jacksonville a couple of times and is acquainted with [redacted]" [redacted]

and he considered [redacted] the most dependable patriot, and he [redacted] is a little suspicious of [redacted]

The Sunday meeting concerned the development of new chapters or ~~units~~ units of the N.S.R.P.

b6

Fields presided, and said that the National
bldgs would do anything humanly possible
to help those in the field. He said the
main responsibility would be on the local
people, however.

Fields, noting the absence of a member
from New York, said, "Mr. [redacted]
of New York who was here yesterday is not
needed by this group. We don't need to
expell him, but we must bear in mind
that all he wants from us is an opportunity
to promote his own Cause. [redacted] is
the editor of the "Truth Seeker" an atheist
publication. He is also founder of the American
Association for the Advancement of Atheism. "This
is a Christian organization" Fields said.

b6
b7C
b7D

There was a lengthy discussion over the
legal aspects of incorporating the organization
and copyrighting the flag and symbols. Stoner
advised against incorporation. "This is a political
party," he said, and intitled to rights as such.

he said that the Democratic and Republican parties were not incorporated. On the question of copyrights for the flag and symbols Stoner said that he was afraid the thunderbolt symbol was in public domain, but he would check on it.

Fields asked the group to approve a resolution to require every member to purchase a "thunderbolt pin." He said he could arrange to have a suitable lapel pin made for about \$1.50 or \$2.00 each, if he could be certain of 300 sales. The group was a little cool to the idea of compelling the members to buy the pins. Fields emphasized the value of the symbol by describing the situation in Atlanta, Georgia in the days of the Columbians organization. He said a few "Thunderbolt" posters were nailed up, and before long the teenagers began scrawling the symbols on walls and trees over the city. "A Jew or a nigger could not walk down

the street without seeing the symbol and feeling fear in their hearts."

A Mr. [redacted] (sp.?) from Pine Bluff Arkansas asked for the floor.

"I wasn't at yesterday's meetings," he said, "but I can see now that I didn't miss anything. While our schools are being integrated and our race mongerized, you are sitting here arguing about these pins! What we need is somebody who'll get off their seats and act. You know how bad we lost at the ballot-box. We had the best man we could get, and lost. We've got to fight this thing out with physical force!"

Stoner and Fields jumped to their feet and Stoner shouted "Mr. Chairman the man is out of order speaking of violence in this meeting. Our constitution & by-laws prohibit this kind of talk."

Fields said, "we're all disappointed with certain things about the election, but we don't

b6
b7C
b7D

better than I'd hoped even. It will take time, but eventually we'll get in Washington, and we'll do it without physical force." The Conference ended on this note.

Going back to the hotel Stoner said he didn't have any objection to the use of force, and in fact said sometimes it's necessary, but he felt the open meeting was not the place to advocate anything like that. "Let him do it alone if he wants to do something like that."

'RIGHTS' UNIT MEETS HERE

Segregation Goal, Dr. Fields Says

By J. B. COLLINS

A group identifying itself as the National States Rights Party (NSRP) opened a two-day conference today in a clubhouse at 3073 Glass St.

The opening session closed in the clubhouse, the entrance to which was marked, "Welcome, Klansmen."

Dr. Edward R. Fields, director of The Thunderbolt, described as "the official white race organ" of the National States Rights Party, told a reporter that some 35 persons from several states were in attendance at the opening session, for the election of new officers and for "the discussion of past and future strategy and expansion."

A reporter entering the clubhouse was met by a man who asked, "Are you one of us?" Asking to see Dr. Fields, the newsmen was asked to go downstairs in what appeared to be a clubhouse where Dr. Fields was summoned from the meeting upstairs.

IMPORTANT PLANS

Dr. Fields said he expected important plans to be made at the conference. He said he expected some 50 leaders from several states to show up for the meeting before it ended Sunday at about 10 p.m.

"We are here to make a statement," he said, and a reporter was asked what the group was fighting for.

"Segregation," Fields answered.

This group has been called "extremists" by other states' rights and constitutional organizations.

Dr. Fields, a Birmingham, Ala., chiropractor, said the location of the conference was at the Brown residence of East Chattanooga. He said the clubhouse "is the property of Mr. Brown."

CONFERENCE LEADERS—Three officials of the National States Rights Party holding a two-day convention at an East Chattanooga clubhouse this weekend are pictured here. From left, they are Ned Dupree of Knoxville, national chairman; Mrs. Ann Bishop of Little Rock, Ark., national vice chairman, and Dr. Edward R. Fields, information director.—(Photo by J. B. Collins)

Dr. Fields said the group was working quietly and preferred not to have publicity in order to avoid "the usual press campaign." The News-Free Press reporter was not invited to the meeting, but went to report on the convention in response to a "tip" outside the organization.

Dr. Fields and two officials later agreed to pose for a news photo.

Entering the clubhouse whose front door was plastered with a "Faubus-for-President" sticker, a reporter was stopped by an elderly man who wanted to know the visitor's identification and purpose in coming.

This man later was identified as Charles Smith of New York City, who boasted of having founded the American Association for the Advancement of Atheism. Dr. Fields said Mr. Smith was not part of his group.

Date January 16, 1961

MAYNARD ORLANDO NELSON advised that he had written letters to all four major newspapers in Chicago, Illinois, and all were similar to the letter he sent to the FBI Office in Chicago. He identified himself as the writer of the letter which was shown to him.

In regard to the contents of this letter which drew the conclusion that the bombing of several Jewish temples was "an old Jewish fund raising gimmick", NELSON stated it would be necessary to give some background concerning himself in order to show how he came to this conclusion.

NELSON stated he was a specialist in Jewish problems and was the manager of M&N Associates, Post Office Box 1785, Chicago 90, Illinois, adding that EUSTACE MULLINS was the director of M&N Associates. He stated that M&N Associates published in November, 1958, "The Atlanta Report", which set forth the view of MULLINS and himself and disproved the "frame-up" of the four or five boys arrested in connection with the bombing of the temple in Atlanta, Georgia. He added that all of these boys were members of the Nationalist States Rights Party (NSRP) of which he also is a member.

✓ *Here* Concerning the NSRP, NELSON stated this Party consisted of individuals whom he described as a "hybrid type of Nazis". He stated the work of the NSRP was almost over and as to show how this was true, commented on the fact that the NSRP was responsible for President Elect KENNEDY getting less than 50% of the total popular votes in the recent National Election. He stated the NSRP is the third largest political party in the United States and polled over 200,000 votes in the nine states in which the NSRP and its affiliates were on the ballot. In some states he stated this Party was listed as the States Rights Party, however, the NSRP assisted them with both literature and propaganda. The purpose was to create a "theoretical basis of a racist nationalist state".

On 1/13/61 at 114 Morgan Lane,
Roselle, Illinois File # 157-69

by SAs JOSEPH E. TRAVERS and
BRYCE S. PLESNER/mak Date dictated 1/16/61

CG 157-69

NELSON stated that it is his contention as a specialist in Jewish problems that "the thing that keeps the Jews together is fear, if not from without, then within". He stated that it is apparent that those of the Jewish race in the United States are not only not persecuted but actually were "the favored minority race".

NELSON stated that he wrote the letters to the newspapers because in general when there is a bombing of a Jewish temple, those in authority and the newspapers immediately make accusations that racists such as himself and members of his Party are the logical suspects because of their admitted hate of the Jewish race, and because of this attitude, he wrote this type of letter as a defensive measure.

He stated he would continue to write these letters whenever any bombing of a Jewish temple takes place, whether it be in Chicago, Detroit, New York, or California. He commented that he has had a large number of letters printed in various newspapers over the years on various subjects.

NELSON commented in regard to the bombings of the Jewish temples no "non-Jew" was ever convicted of such a bombing and "no Jew" was ever injured in any of these bombings, reiterating that these bombings were a "fund raising gimmick"; that since the Jewish race in the United States was not persecuted from without, it was persecuted from within, that is self-created persecution in order to keep its members in line, create sympathy for the Jewish religion and raise funds.

✓ Pertaining to the NSRP, NELSON stated there is no rigid organization; that it is an informal organization, and holds conventions when the need arises, at which conventions officers are elected and that conventions are held approximately twice a year. He stated the last NSRP convention was held in Chattanooga, Tennessee, a week after the last National Election and although

CG 157-69

he was not present, he was represented at this convention. He declined to state where the NSRP funds come from, stating this was "top secret".

✓ NELSON bragged that the NSRP was an international organization and as such he has access to information concerning activities all over the world, including activities behind the Iron Curtain.

In an attempt to illustrate the depth of the information available to him, NELSON stated that should the agents indicate an interest in joining the NSRP, he could have them "checked out" within a month's time. He stated such an inquiry would contain complete background information, including the length of time they had served in the FBI.

✓ NELSON stated there are people in the NSRP who have been converted from the Jewish faith. He stated these people are probably only one-half or one quarter Jewish and are the "EICHMANN's" and like him, they feel they have to prove themselves.

✓ NELSON stated that the feeling of the NSRP concerning the Jewish people was that they are not a religion but were a race. He stated that those of the Jewish race were not included as Caucasians and were parasites. He stated the Jewish people on the beaches at Tel Aviv were being financed by the Jewish people in Chicago.

He stated the Jewish people raise money by such things as the Atlanta Bombing, adding that the rabbi in Atlanta, Georgia, had to publicly ask the people to stop sending in money as they had raised in excess of \$200,000 after the bombing.

✓ NELSON likened the NSRP to the 'Black Dragon' Society in Japan and stated that he felt the NSRP would gain national recognition in the United States within the next ten years. He described NSRP members as "native American racial nationalists".

CG 157-69

✓ He stated the NSRP believes in the Constitution of the United States and the first Ten Amendments of the Bill of Rights.

Specifically, concerning the bombing of the Jewish synagog, NELSON categorically denied that he had any part in the bombing and stated there was no percentage in any member of the NSRP committing such a crime since nothing could be accomplished by it. He explained this statement by stating that (1) The NSRP and its members get blamed immediately for such a crime in view of their attitude toward the Jewish race. (2) These bombings arouse sympathy for the Jewish race and (3) It gave the Jewish leaders an excellent fund raising opportunity.

Specifically, concerning himself, NELSON stated he has been extremely busy in moving the office of his employment from 22 West Monroe Street, Chicago, Illinois, to 630 South State Street, Chicago, Illinois, and actually did not hear about the bombing of the synagog until Wednesday afternoon. He added that as soon as he heard this news, he knew the FBI would be out to see him since he and fellow-members of the NSRP, who are openly anti-Semitic, are automatically suspects and questioned concerning such acts.

When asked if it were necessary to account for his time on the day and evening of this bombing, could he do so, NELSON stated he took the 5:12 p.m. Milwaukee Railroad commuter train, which reached Roselle, Illinois Station about 6:09 p.m. He stated he reached home at approximately 6:30 p.m., placing his automobile in his garage as he always did for security reasons, and did not leave home for the rest of the evening. He stated his wife, mother-in-law, and children were the only ones who could vouch for the fact he was home all evening. He stated he was in bed by approximately 10:30 p.m. which is the time he normally retires.

CG 157-69

NELSON stated occasionally he gives one or two men who live in his neighborhood a ride from the Roselle Railroad Station, but could not recall if he did this on the night of the bombing. He stated he could have, but did not know for sure. These men are BEN BRADY and LEW (LNU), whose addresses he did not know, however, he stated he could point out their homes should it be necessary.

Specifically, concerning the allegation he made in the letters, he wrote to the newspapers, NELSON admitted ~~it was only an allegation~~ and that he had no proof whatsoever. He stated, however, he would attempt to obtain proof within the next two weeks and would advise the FBI of same. NELSON stated he was very anxious to have these bombings solved and after being specifically asked, stated he would advise the FBI of any information he gets, even if it would involve a member of the NSRP.

He stated that he was an expert in police investigative techniques and that he knew the French Police had a saying that in order to solve a crime, the police had only to look for a woman. NELSON stated here in the United States the police look for the money, that is, ~~who~~ would make a profit out of the crime.

He stated that ~~looking~~ at the bombing this way, it had to be the Jewish people themselves who caused this bombing because they would be the only ones to profit by it because of the fund raising potential.

Noting that he had mentioned EUSTACE MULLINS as being director of M&N Associates, NELSON was asked if he knew where MULLINS was at present. NELSON stated that he did not know where MULLINS is at present and, in fact, has been looking for him since he, NELSON, has set up a television appearance for MULLINS on the Marty Faye Show on WBKB TV. NELSON stated he received a Christmas card from MULLINS and recalled the postmark

CG 157-69

was from New York. He stated that if MULLINS was not located he, NELSON, would make the television appearance, adding that the original date of the Marty Faye Show appearance was January 16, 1961. However, this has been postponed.

NELSON also stated he has two other feelers out for television appearances under the name of Institute for Biopolitics, one being on Channel 11, Chicago TV, and the other on the Irv Kupcinet Show and had furnished KUPCINET with literature from the Institute of Biopolitics.

Pertaining to MULLINS, NELSON commented there was a possibility that MULLINS might move back to Chicago sometime in the Spring of 1961.

When asked if he knew GEORGE LINCOLN ROCKWELL, NELSON stated he had met ROCKWELL approximately one year ago through mutual friends, adding he would not disclose the names of the mutual friends because they were "top secret".

He described ROCKWELL as being a stupid individual who has political aspirations.

NELSON stated he, himself, hoped to run for political office in the near future, possibly starting in politics by running for the office of Governor of Illinois when the times is right.

NELSON, during the course of interview, made several comments concerning the FBI and the various agencies of the United States Government to the effect that he could not trust any individual who was employed by any agency of the United States Government.

He readily admitted that during the course of interview with the two agents, he had not been mistreated

CG 157-69

in any way and were it not for the fact they were with the FBI, he could have trusted them. He stated that he was available for recontacts at any future time, should such become necessary. NELSON requested, however, that he be contacted telephonically to set up an appointment prior to such contacts.

FIELDS resides in Apartment G, 2409 - 26th Street, Ensley, Birmingham, Alabama. His primary task is the writing and publication of "The Thunderbolt", self-styled white racial organ of NSRP.

There is nothing to indicate NSRP is holding any meetings in Birmingham.

The Bureau has instructed that activity of the NSRP is to be followed through informants, sources, and other logical investigative techniques. If data is received indicating new State NSRP chapters are established, or old ones reactivated, conduct the necessary investigation to determine the activities of such chapters. In the event information is developed indicating the NSRP maintains a bank account, monitor such account, if feasible. Maintain contact with established informants and sources familiar with the NSRP, or its principal leaders.

Regular reports are to be submitted each six months by any office which is conducting a continuing investigation of the NSRP in its Division. Any information of immediate interest to the Bureau must be furnished to Bureau in the proper form for dissemination, which is usually a letterhead memorandum. That office should then submit a properly documented report if the matter is to be RUC'd, but, if not, it should be included in the next regular report.

A review of instant file reflects that considerable activity has occurred in the Philadelphia territory, and that office should submit an investigative report covering this activity.

Each office receiving copy of this letter will follow and report the activities of an NSRP chapter in their territory, or activity pertaining to this matter.

For information each office, the following is a characterization of NSRP:

BH file 105-477

On November 26, 1957, a source advised that the United White Party (UWP) was organized at a convention held in Knoxville, Tennessee, on November 10, 1957. An article in the November 26, 1957, issue of the "Greenville Piedmont", a newspaper of Greenville, South Carolina, reported that a "Ku Klux Klan spokesman of Greenville reported the recent formation of a new political party to be known as the United White Party". According to the article, the party was formed at a recently held meeting in Knoxville, Tennessee, at which many Klansmen were represented. The UWP was reported as being opposed to all "race mixing organizations and individuals".

The July, 1958, issue of "The Thunderbolt", self-described as the "official Racial Nationalist Organ of the National States Rights Party" (NSRP) reported that rank and file "States Righters" had merged with the UWP under "the banner of the National States Rights Party" with national offices at Post Office Box 261, Jeffersonville, Indiana.

In November, 1958, a source advised that the NSRP is composed of past members of the Ku Klux Klan and notorious anti-Semites.

Issue #19, dated June, 1960, of "The Thunderbolt" announced the address of the headquarters of the NSRP had been changed from Jeffersonville, Indiana, to Post Office Box 783, Birmingham, Alabama.

On June 17, 1960, a source advised that EDWARD R. FIELDS, the Information Director of the NSRP, is the individual who "runs the NSRP".

The March, 1959, issue of the Anti-Defamation League Bulletin contained an article by JEROME BAKST entitled "Angry Young Men of Hate". Regarding EDWARD R. FIELDS, the article stated, "FIELDS, 26 years old and a Louisville

BH 105-477

chiropractor, is a key figure in the National States Rights Party and co-ordinator of all its activities, contacts and liaison with leaders of other hate groups. He apparently started Jew-baiting in his teens, aided STONER in the Christian anti-Jewish Party, and got involved in newspaper notoriety while attending chiropractory school in Davenport, Iowa. There, early in 1954, according to newspaper reports, he pasted anti-Jewish stickers on store windows during Brotherhood Week."

The Ku Klux Klan has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

The indicated offices should conduct the requested investigation and submit the results in letterhead memorandum form (15 copies) to Birmingham within 15 days of the receipt of this communication.

Reference is made to Birmingham letter to Albuquerque and other offices dated 3/15/61, which contained instructions for the investigation of N.S.R.P. It is noted all offices mentioned in this communication received a copy of referenced letter except Butte and Phoenix Offices.

Referenced letter also contained the following information:

"On 11/3/60 the Office of Origin in this matter was changed from Louisville to Birmingham. Dr. EDWARD R. FIELDS, Information Director of N.S.R.P., actually controls the organization. P. O. Box 783, Birmingham, Ala., is the National Headquarters mailing address. FIELDS resides in Apartment G, 2409 26th Street, Ensley, Birmingham, Ala. His primary task is the writing and publication of "The Thunderbolt", self-styled white racial organ of N.S.R.P. There is

BH 105-477

nothing to indicate N.S.R.P. is holding any meetings in Birmingham.

"The Bureau has instructed that activity of the N.S.R.P. is to be followed through informants, sources and other logical investigative techniques. If data is received indicating new state N.S.R.P. chapters are established or old ones reactivated, conduct the necessary investigation to determine the activities of such chapters. In the event information is developed indicating the N.S.R.P. maintains a bank account, monitor such account if feasible. Maintain contact with established informants and sources familiar with the N.S.R.P. or its principal leaders.

"Regular reports are to be submitted each six months by any office which is conducting a continuing investigation of the N.S.R.P. in its division. Any information of immediate interest to the Bureau must be furnished to the Bureau in the proper form for dissemination, which is usually a letterhead memorandum. That office should then submit a properly documented report if the matter is to be RUC, but if not, it should be included in the next regular report."

It is noted that the N.S.R.P. directory, set out above, lists only a Post Office Box Number and not the name of an individual for N.S.R.P. units at Little Rock, Arkansas; Laguna Beach, California; Killarney, Florida; Chicago, Illinois; Santa Fe, New Mexico; Kershaw, South Carolina; and Knoxville, Tennessee. The listing for Philadelphia Office reflects a N.S.R.P. Book Shop at P. O. Box 423, Wilk-Barre, Pennsylvania.

UACB, the offices covering the above mentioned eight locations should discreetly ascertain to whom the Post Office Box in question is assigned by the local Post Office and background information concerning that person or persons should be obtained.

(On March 29, 1961, a confidential source who has furnished reliable information in the past advised that at approximately 4:40 p.m., on that date a registration was made at the Atlantic Hotel, 316 South Clark Street, Chicago, Illinois, by Dr. Edward R. Fields, Birmingham, Alabama. The registration was made for a guest room for one for the night of March 29, 1961.

A second confidential source who has furnished reliable information in the past advised on April 3, 1961, that at approximately 7:00 p.m., on March 29, 1961, a meeting commenced in Room 701, Atlantic Hotel, Chicago, Illinois. The meeting was conducted by Dr. Edward R. Fields, Head of the National States Rights Party. During the course of the evening approximately 30 to 35 persons were noted in attendance.

adjourn to Joe Socco's Bar, 309 South Clark Street, where the gathering continued the meeting on a balcony at the rear of the establishment.

Source stated that the bulk of the meeting consisted of Field's comments regarding the National States Rights Party's participation in the recent presidential election and of the progress enjoyed by the organization in the South today. Dr. Fields emphasized the necessity of forming a local chapter in Chicago. He suggested that if a Chicago chapter is formed, they should meet at least once a week and record the proceedings of the meeting for dissemination to other nearby chapters.

Source stated nothing specific was accomplished. No open efforts were made toward organizing a Chicago chapter of the National States Rights Party; to recruit members for the organization; to secure subscriptions for "The Thunderbolt", the organization's publication; and source noted no appointments were made to offices of the National States Rights Party. *See 141 ps R. 1*

then this Source advised that among those present were five members of the Chicago Branch of the Fighting American Nationalists. Source learned that this group expressed disgust with the meeting and with the idea of the National States Rights Party in general, although the Fighting American Nationalists will undoubtedly continue its connections for the good of their own organization. *Source*

A third confidential source who has furnished reliable information in the past, advised on April 6, 1961, that according to information available to him, the meeting conducted by Dr. Edward R. Fields on March 29, 1961, was designed solely to dream up enthusiasm for the National States Rights Party and strongly promote the organization's

advance by means of the local ballot. Source stated that Fields conceded that picketing and demonstrations were all right, but the goal of the National States Rights Party could only be accomplished by electing patriots into office.

A fourth confidential source who has furnished reliable information in the past on April 5, 1961, furnished substantially the same information concerning Fields' meeting on March 29, 1961. Source advised that he had learned that Fields intentionally did not make advance arrangements for this meeting so that he would preclude the Anti-Defamation League in Chicago from forcing cancellation of his reservations and thus his meeting. Source added that Fields claims the Anti-Defamation League have been responsible in the past for such activities and for this reason he did not make advance reservations.

Regarding the Fighting American Nationalists, a confidential source who has furnished reliable information in the past, advised on January 15, 1961, that the Fighting American Nationalists is a "front group" of the American Nazi Party, established in the Chicago area in November, 1960 for the express purpose of serving as a "training ground" for ultimate membership in the American Nazi Party.

Another confidential source advised on February 27, 1959, that George Lincoln Rockwell of Arlington, Virginia, held an organizational meeting of the World Union of Free Enterprise National Socialists at his residence on February 26, 1959. Six persons were present and, according to the source, comprised the beginning of an officer corps of the organization. Rockwell told those present that the World Union of Free Enterprise National Socialists would be an international movement, but that the section of the organization in the United States would be known as the American Party of the World Union of Free Enterprise National Socialists.

This source advised on May 4, 1960, that Rockwell was referring to his organization as the American Nazi Party and that stationery carried the letterhead as the American Nazi Party of the World Union of Free Enterprise National Socialists.

Rockwell on May 26, 1959, furnished Special Agents of the Federal Bureau of Investigation a copy of the program of the World Union of Free Enterprise National Socialists, stating that he expects to become President of the United States through the organization's platform. The main tenets of the World Union of Free Enterprise National Socialists as reflected in the program call for the migration of Negroes to Africa and the trial and execution of all Jews guilty of Communist and Zionist treason.

Source advised in May, 1960 that the headquarters of the organization is located at 928 North Randolph, Arlington, Virginia, and that the main activity of the organization since its inception has been the distribution of Anti-Jewish material and open-air talks in the spring of 1960 on the Mall in Washington, D.C.

Concerning the National States Rights Party, the following information is noted:

On November 26, 1957, a source advised that the United White Party was organized at a convention held in Knoxville, Tennessee, on November 10, 1957. An article in the November 26, 1957, issue of the "Greenville Piedmont", a newspaper of Greenville, South Carolina, reported that a "Ku Klux Klan spokesman of Greenville reported the recent formation of a new political party to be known as the United White Party". According to the article, the party was formed at a recently held meeting in Knoxville, Tennessee, at which many Klansmen were represented. The United White Party was reported as being opposed to all "race mixing organizations and individuals".

The July, 1958, issue of "The Thunderbolt", self-described as the "official Racial Nationalist Organ of the National States Rights Party" reported that rank and file "States Righters" had merged with the United White Party under "the banner of the National States Rights Party" with national offices at Post Office Box 261, Jeffersonville, Indiana.

In November, 1958, a source advised that the National States Rights Party is composed of past members of the Ku Klux Klan and notorious anti-Semites.

Issue #19, dated June, 1960, of "The Thunderbolt" announced the address of the headquarters of the National States Rights Party had been changed from Jeffersonville, Indiana, to Post Office Box 783, Birmingham, Alabama.

On June 17, 1960, a source advised that Edward R. Fields, the Information Director of the National States Rights Party, is the individual who "runs the NSRP."

The March, 1959, issue of the Anti-Defamation League Bulletin contained an article by Jerome Bakst entitled, "Angry Young Men of Hate". Regarding Edward R. Fields, the article stated, "Fields, 26 years old and a Louisville chiropractor, is a key figure in the National States Rights Party and co-ordinator of all its activities, contacts and liaison with leaders of other hate groups. He apparently started Jew-baiting in his teens, and got involved in newspaper notoriety while attending chiropractory school in Davenport, Iowa. There, early in 1954, according to newspaper reports, he pasted anti-Jewish stickers on store windows during Brotherwood Week."

The Ku Klux Klan has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

Sources in the characterization of the National States Rights Party have all furnished reliable information in the past.

advised that he had secured the telephone number of [redacted] a member of the ANP at Chicago, Illinois, from the ANP Headquarters at Arlington, Virginia.

Careful consideration has been given to the sources concealed in attached letterhead memorandum and such were concealed only where necessary.

Referenced Birmingham letter to Albuquerque dated 3/10/61 requested receiving offices to follow and report activities of the NSRP Chapter in their territories or the activities pertaining to this matter.

As determined during the course of the FIELDS' meeting on March 20, 1961, no NSRP Chapter is presently located in the Chicago, Illinois area and no steps were taken concerning formation of such a chapter. It is noted that FIELDS suggested the need for such a chapter in this area. For this reason the Chicago Division will remain alert for any future attempts at forming an NSRP Chapter in Chicago and will at that time conduct appropriate investigation.

For the information of the Birmingham Division on 4/4/61 HAYWARD ORLANDO NELSON telephonically contacted the Chicago Division and advised that he is the Illinois representative of the NSRP. NELSON advised that the NSRP was considering placing pickets around FBI Offices throughout the country. He stated that such picketing would very definitely be peaceful and would not in any way interfere with the operation of the FBI business. NELSON stated that he did not know when this picketing would take place. He advised that the purpose of his call was to determine whether there was a federal violation in the peaceful picketing of an FBI Office.

CG 157-78

Since Chicago is not aware of the areas in which the NSRP is concentrated throughout the United States, which localities would possibly be the scene of such picketing should it take place, no efforts to disseminate this information to other field divisions is being made by the Chicago Division. Such action is being left to the discretion of the Office of Origin.

Information concerning NELSON's telephonic contact with the FBI, Chicago, was furnished the Bureau by airtel dated 4/4/61 captioned "MAYNARD ORLANDO NELSON, also known as, Potential Bombing Suspect."

Spelled out his name which appears in the above subject, adding he also uses the first name of Max. (our files also show the name as Maynard Orlando Nelson).

He gave his business phone where he may be reached as: Harrison 7-0208, from 0830 to 1630 hours (phone checks to Laborer, Inc., 630 S. State St., Chicago, Ill.) (Monday thru Friday).

His address was given as it appears in the above subject (residence), with phone: Twinbrook 4-6272 (listed under MAX NELSEN).

Nelsen added that he was the unofficial manager of the Institute of Bio Politics of the NATIONAL STATES RIGHTS PARTY with headquarters in Birmingham, Alabama, and fills in as the theoretician and idea man dealing with functional propaganda in the party. He added that he wrote the party program and that they only dealt with legal politics.

Nelsen continued that his main activity with the party is to attack Communism, Communist organizations and individuals, especially in the Chicago area. In this manner he expects to be introduced to the public which will serve his political ambitions culminating in his election as governor of the State of Illinois ten (10) years from now - under their own political label (party).

Nelsen said he had been arrested while harboring extreme ideas some years ago; but claims maturity has made him more conservative.

According to the subject, he was putting us on notice that he expects "things are going to get rough" and that he does not wish to be suspected of any bombings or assassinations which may take place; his activity comprises strictly "legal politics."

He volunteered that one of his co-workers is a Eustace Mullins (on file).

BOMBING MATTERS**

On April 12, 1961, a confidential source, an agency which collects security information in the Chicago area, advised that they had learned that Maynard Orlando Nelsen, also known as Max Nelsen, had contacted the Chicago Police Department on April 10, 1961.

Nelsen identified himself as being employed and residing in the Chicago area and stated he is affiliated with the National States Rights Party which is headquartered in Birmingham, Alabama. He added that he handles functional propaganda for the Party. Nelsen stated he wrote the National States Rights Party program and added the Party dealt only with legal politics.

Nelsen continued that his main activity with the National States Rights Party is to attack communism, communist organizations and individuals especially in the Chicago area. He stated that in this matter he expects to be introduced to the public which will serve his political ambitions culminating in his election as Governor of the State of Illinois ten years from now under the National States Rights Party political label.

Nelsen admitted having been arrested while harboring extreme ideas some years ago but claims maturity has made him more conservative.

Nelsen stated he was putting the Chicago police on notice that he expects "things are going to get rough" and that he does not wish to be suspected of any bombings or assassinations which may take place. He stated his activity comprises strictly "legal politics."

On November 26, 1957, a source advised that the United White Party (UWP) was organized at a convention held in Knoxville, Tennessee, on November 10, 1957. An article in the November 26, 1957, issue of the "Greenville

Piedmont," a newspaper of Greenville, South Carolina, reported that a "Ku Klux Klan spokesman of Greenville reported the recent formation of a new political party to be known as the United White Party." According to the article, the party was formed at a recently held meeting in Knoxville, Tennessee, at which many Klansmen were represented. The UWP was reported as being opposed to all "race mixing organizations and individuals."

The July, 1958, issue of "The Thunderbolt," self-described as the "official Racial Nationalist Organ of the National States Rights Party" (NSRP) reported that rank and file "States Righters" had merged with the UWP under "the banner of the National States Rights Party" with national offices at Post Office Box 261, Jeffersonville, Indiana.

In November, 1958, a source advised that the NSRP is composed of past members of the Ku Klux Klan and notorious anti-Semites.

Issue #19, dated June, 1960, of "The Thunderbolt" announced the address of the headquarters of the NSRP had been changed from Jeffersonville, Indiana, to Post Office Box 783, Birmingham, Alabama.

On June 17, 1960, a source advised that Edward R. Fields, the Information Director of the NSRP, is the individual who "runs the NSRP."

The March, 1959, issue of the Anti-Defamation League Bulletin contained an article by Jerome Bakst entitled "Angry Young Men of Hate." Regarding Edward R. Fields, the article stated, "Fields, 26 years old and a Louisville chiropractor, is a key figure in the National States Rights Party and co-ordinator of all its activities, contacts and liaison with leaders of other hate groups. He apparently started Jew-baiting in his teens, aided Stoner in the Christian anti-Jewish Party, and got involved in newspaper notoriety while attending chiropractory school in Davenport, Iowa. There, early in 1954, according to newspaper reports, he pasted anti-Jewish stickers on store windows during Brotherhood Week."

The Ku Klux Klan has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

Above sources furnishing information regarding the National States Rights Party have all furnished reliable information in the past.

At 3:05 p.m. on April 12, 1961, above information was furnished to Captain James Wiseman, Operations Officer, Region I, United States Army, Operations Group, Chicago, Illinois.

[REDACTED]

On April 3, 1961, PCI advised that on March 29, 1961, a meeting was conducted at Chicago, Illinois, by Dr. EDWARD R. FIELDS, head of the National States Rights Party (NSRP). The meeting commenced with all persons attending a gathering in Room 701, Atlantic Hotel, 316 South Clark Street, Chicago, Illinois. The room was a guest room rented by FIELDS under his own name and those attending were directed to the room by inquiring at the hotel desk for Dr. FIELDS' room.

PCI stated that the group from the Fighting American Nationalists (FAN) arrived at the hotel at approximately 7:00 p.m. This group consisted of MATTHIAS KOEHL. [REDACTED]

[REDACTED]

Upon arrival introductions began and FIELDS immediately told [REDACTED] that he was not welcome and that he could leave the same way he came in. Source stated that the room FIELDS had rented soon became crowded and FIELDS dispatched MAX NELSON and one [REDACTED] to secure larger accommodations.

PCI stated that the following were the only persons present who were known to him or who were introduced to him during the course of the meeting:

Dr. EDWARD R. FIELDS
MATTHIAS KOEHL

[REDACTED]

b6
b7C
b7D

[REDACTED]

PCI stated that the following are individuals unknown to him concerning whom only part of the name is known or where the name is unknown a description is available to the source:

(FNU)

(FNU)

Concerning these individuals PCI stated both indicated they are NSRP members. Source learned that [REDACTED] advised that he had secured [REDACTED]'s telephone number from the American Nazi Party (ANP) Headquarters in Arlington, Virginia.

b6
b7C
b7D

PCI advised that an unknown white male accompanied [REDACTED]

PCI stated that [REDACTED] is a friend of [REDACTED]

PCI stated that from thirty to thirty-five people were present during the evening. The meeting, source stated, was the most confused and ill-planned affair he has ever attended and as a result of the confusion that prevailed it was difficult or impossible to secure the identities or descriptions of all in attendance.

MAX NELSON appeared to be closely associated with Dr. FIELDS and gave the appearance of being in charge of the operation as far as details in Chicago were concerned. In this connection source learned that no NSRP group actually exists in the Chicago area.

[REDACTED]

Shortly before 8:00 p.m. someone unknown to source secured a meeting place at Joe Sacco's Bar almost directly across Clark Street from the Atlantic Hotel. The group adjourned from Dr. FIELDS' hotel room to the bar, where they met on a balcony located at the rear of the bar. Source stated that he learned that the management had agreed they would not charge the group for use of the meeting area if everyone present would order something. PCI stated, however, that thought there were approximately thirty persons present during this portion of the meeting only eight individuals actually made a purchase.

During the rest of the meeting FIELDS, KOEHL and NELSON made speeches. He said they spoke chiefly regarding the progress of the NSRP in the South and the need to establish an NSRP chapter in Chicago. PCI stated they dwelled on the success of the organization in connection with the recent Presidential election, though he said FIELDS indicated that the organization's success suffered because of lack of full support from the States of Texas and Illinois.

FIELDS suggested that members in Chicago get together at least once a week, at which time they should hold a meeting and record the proceedings for dissemination to other nearby NSRP chapters. FIELDS did not identify such chapters. PCI stated that FIELDS implied this would stimulate interest in the organization and in the forming of chapters on a state level.

PCI pointed out that obviously all present were not NSRP members since FIELDS remarked that those who were not NSRP members should definitely join. FIELDS pointed out that once the organization is established \$5.00 per month dues will be charged, \$3.00 of which will go to the NSRP Headquarters and the remaining \$2.00 will be maintained locally. FIELDS also suggested that NSRP people should purchase as many copies of the "Thunderbolt" as possible and flood the Chicago area with these papers.

[REDACTED]

Source reiterated that the meeting was confused and ill-planned as were the talks given by the three individuals previously identified. He stated that basically the meeting was a rehash of NSRP activities in connection with the recent Presidential election and general talk on the possibilities that exist in the future as regards Party progress.

PCI stated that during the course of the evening no actual efforts were made to organize the NSRP in Chicago. To his knowledge no attempt was made to recruit anyone to NSRP membership and he noted no attempts to secure subscriptions to the "Thunderbolt".

PCI stated that the FAN members attending this meeting were agreed that the whole evening was badly handled, that there was little planning and that the plans that were made were poorly drawn up. Source stated that FAN members were thoroughly disgusted with the meeting and with the NSRP in general, however, speculation is that FAN will continue its connections with the NSRP only for the possible future good of the FAN organization.

PCI stated that in connection with FAN activities, a FAN meeting was held on March 31, 1961, at the residence of MATTHIAS KOEHL, 4504 North Racine Avenue. He stated that the meeting commenced at approximately 9:15 p.m. and terminated about midnight. Present were MATTHIAS KOEHL, [REDACTED]

b6
b7C
b7D

[REDACTED] PCI stated that the bulk of the meeting consisted generally of a rehash of the NSRP meeting and ended in a dull session.

Source stated that KOEHL is currently driving a blue Ford sedan with Wisconsin 1961 License H25071.

PCI stated that FAN has two possible mailing addresses, one their Post Office Box at the New Post Office Building, Number 7563, and the other maintained by MATTHIAS KOEHL at the Old Post Office, the number of which is presently unknown to source.

[REDACTED]

Source stated that MATT KOEHL has recently subscribed to "The Worker" under the name "MAX KOLE" and probably uses the address at his Post Office Box.

PCI stated that nothing is new on the renting of a local headquarters although a number of possibilities have been found, most of the transactions have fallen through.

PCI identified photographs of a recent FAN picketing of a pro-LUMUMBA function held in Chicago. The members appearing in these pictures were identified as [REDACTED]

Above mentioned photographs are maintained in the 1A section of 157-3.

PCI stated that the [REDACTED] identified as being in attendance at this NSRP meeting is the same individual whom he has previously described as [REDACTED] in attendance at a recent FAN meeting.

NATIONAL STATES RIGHTS PARTY
RACIAL MATTERS

On April 14, 1961, a confidential source, who holds a responsible position, advised that Maynard Orlando Nelsen currently holds a post office box, Number 1785, in Chicago, Illinois, under the name Realpolitical Institute.

On December 10, 1954, Nelsen appeared at the Chicago Office of the FBI and advised that he is the "head of a vast anti-Communist underground movement throughout the United States." He displayed a copy of a leaflet concerning the Realpolitical Institute, which leaflet identified Nelsen as manager of that organization. Nelsen stated he was responsible for the preparation and distribution of the leaflet. The leaflet read, regarding one purpose of the organization:

"THE REALPOLITICAL INSTITUTE will sponsor a new, positive type of political action whereby the struggle against internal subversion is taken directly to our own Whitefolk, whose minds have been drugged by motion pictures, radio, television, and the infiltrated press. A former motion picture theatre will be purchased in the Chicago area and used as a community center where patriotic Whitemen can meet and discuss the crucial questions of the day. Vital political issues will be dramatically presented through programs by loyal American Nationalist leaders, speakers, and entertainers."

On April 4, 1955, a second source, who has furnished reliable information in the past, advised the Realpolitical Institute was started by Maynard Orlando Nelsen in approximately November, 1954, in Chicago, Illinois. Nelsen's purpose was to create a new political party called the Realpolitical Institute. This organization is anti-Communist, anti-Semitic, and favors the white race. Nelsen hoped to gain a following for his party on these issues.

This organization, source stated, failed to get "off the ground" and did not attract interest or a following. There were no known members other than Nelsen. His main activity in the organization was the occasional circularization of mimeographed leaflets in the Chicago area. Nelsen's idea was to get the organization started by holding mass meetings in a theater, though such meetings have failed to materialize. The only apparent money used to promote this organization was from Nelsen's own funds and, perhaps, an occasional contribution.

This source stated that Nelsen attempted to borrow money to set his plan in operation, but failed in this attempt. The organization, source stated, did not participate in parades, demonstrations or acts of violence. Concerning Nelsen himself, source advised in February, 1953, that in October, 1947, Nelsen was arrested for writing threatening letters, and at the time of the arrest plans for a Fascist organization (not further identified) were found on his person, as well as anti-Semitic and Fascist literature from the Patriotic Research Bureau. Source stated the Patriotic Research Bureau is an organization founded in 1938 which accumulated, compiled and published anti-Semitic and anti-Communist propaganda.

In May, 1947, Nelsen, then 23 years of age and a student at the University of Minnesota, admitted he was the Minneapolis leader of the Democratic Nationalist Party, an organization described by source as a "hate group" which advocated persecution of racial minorities.

The files of G-2, Chicago, were reviewed on June 30, 1955, and disclosed that Nelsen was a member of the "American Committee for the Advancement of Western Culture," an organization reported to have former top Nazis in its international leadership.

According to G-2, Chicago, Nelsen formerly resided in Minneapolis and was arrested in Minnesota in April, 1947, after he admitted placarding the University of Minnesota campus with anti-minority posters. In October, 1947, Nelsen appeared in Minneapolis attired in a Nazi uniform and carried detailed plans to "overthrow the government." These plans were not further identified. Nelsen was placed on probation

following a hearing that he be placed in an institution. Judge James Kehoe, when discharging Nelsen from parole, stated that Nelsen's "egocentric and inappropriate thinking has disappeared."

Re Conf. source
The second source, previously mentioned, advised on July 3, 1953, that according to information available to him, H. Keith Thompson, Jr., the former registered American agent of General Otto Remer's Socialist Reich Party of Western Germany, announced the formation of the American Committee for Advancement of Western Culture, of which he is the National Director. The Board of Directors of this organization will consist of many leading national figures, as will the Advisory Council. The purpose of the Committee will be to serve as a dynamic pressure group to further all political cultural and racial causes which tend to advance the struggle of Western civilization against the onslaught of Asiatic barbarism. The Committee will not be a membership organization, but will serve as a high policy planning group for the coordination of racial and nationalistic activities in America, Europe, Africa and Asia.

The same source on November 13, 1958, advised that Nelsen and an associate established the M & N Associates, Post Office Box 1785, Chicago 90, Illinois. Source stated that M & N Associates is a "paper organization" set up to distribute anti-Semitic and anti-Negro literature.

On March 1, 1960, a third confidential source, who was in a position to furnish reliable information, advised he is a close business and personal associate of Nelsen. He stated Nelsen has often expressed himself as a "racist" to the point of being psychotic. Source explained that when Nelsen "takes off" on his anti-Semitic and anti-Negro tirades he becomes pale white, highly excitable, nervous, shakes and shows evidence of uncontrollable facial contortions. Source stated Nelsen owns a .357 Magnum revolver and a 5 inch dagger, and source stated he has been informed Nelsen carries these weapons with him in a briefcase at all times.

T-8 (3/1/60)
On April 12, 1961, a fourth confidential source, an agency which collects security information in the Chicago area, advised that they had learned that Maynard Orlando Nelsen

also known as Max Nelsen, had contacted the Chicago Police Department on April 10, 1961.

Nelsen identified himself as being employed and residing in the Chicago area and stated he is affiliated with the National States Rights Party which is headquartered in Birmingham, Alabama. He added that he handles functional propaganda for the Party. Nelsen stated he wrote the National States Rights Party program and added the Party dealt only with legal politics.

Nelsen continued that his main activity with the National States Rights Party is to attack Communism, Communist organizations and individuals, especially in the Chicago Area. He stated that in this manner he expects to be introduced to the public which will serve his political ambitions culminating in his election as Governor of the State of Illinois ten years from now under the National States Rights Party political label.

Nelsen admitted having been arrested while harboring extreme ideas some years ago but claims maturity has made him more conservative.

Nelsen stated he was putting the Chicago police on notice that he expects "things are going to get rough" and that he does not wish to be suspected of any bombings or assassinations which may take place. He stated his activity comprises strictly "legal politics."
